

FOUR DOOMED GUNMEN ARE DENIED NEW TRIAL

LAST HOPE OF MEN CONDEMNED TO DIE TOMORROW IS BLASTED

Supreme Court Justice Goff After Hearing Testimony of New Witnesses and Deliberating on Evidence For More Than Four Hours Denies Application For New Trial.

New York, April 11.—The last hope for the four gunmen condemned to die on Monday for the murder of Herman Rosenthal the gambler, seemingly was blasted tonight when Supreme Court Justice John W. Goff, to whom a final appeal for a new trial had been made, declined to reopen their case.

At a prolonged hearing tonight Justice Goff who was the presiding judge at the trial of the gunmen, listened to the testimony of new witnesses produced at the last moment by counsel for the doomed men. Late in the afternoon after District Attorney Charles Whitman had been given his opportunity to offset the newly offered evidence with testimony by witnesses of his own, Justice Goff took the case under advisement, announcing that he would render a decision tonight. For more than four hours the justice toiled over the record of the day's proceedings. Then, a moment or two before 10 o'clock he appeared at the door of his chamber and briefly announced to the waiting crowd of newspapermen that he had denied the application for a new trial.

Justice Goff in his opinion denying the motion for a new trial, said: "Were it possible in the sense of judicial propriety for me to avoid hearing the application, I would have done so to the end that a stronger mind would be employed and I would be relieved from a very onerous burden. But the law casts upon me a responsibility and a duty."

Disregarding Fifteen.—Pointing out that on behalf of the defendants fifteen affidavits had been presented, the court declared that fifteen should be disregarded, as consisting "mainly of hearsay, impressions and matters that are irrelevant and immaterial."

Of the other four affidavits, those of Dresner, Burwell, Kalmanson and Reo must not be considered as of any probative value whatever. Consideration of these affidavits must include their oral expectation and cross examination had in open court."

Made to Fit Rose's Testimony.—Continuing the decision said: "This testimony of Dresner bears the unmistakable stamp of being made to fit Rose's testimony. While the testimony of Rose on the trial concerning the incident at the Garden restaurant was competent to show preparation and combination on the part of the main defendants for the commission of a crime, it was merely a step in the progression of proof and a contradiction that even if true would of itself be wholly insufficient to warrant the granting of a new trial."

"This witness went on to narrate what he says he observed on the morning of the 16th when Rosenthal was killed. He did not testify that he saw the killing or heard shots notwithstanding he was in Forty-third street at the time of the killing and the passing of the automobile. He claims to have identified Vallon, Webber and Schepps in the passing automobile. It is remarkable that this witness should be found to be present at these two important times that is on the 13th at the Garden restaurant and on the 16th in Forty-third street at the time of the killing."

"Intrinsically this testimony is not worthy of credence. Burwell testified that when in Forty-third street on the morning of Rosenthal's death he heard two shots and saw the man who fired the shots turn. He said he did not know the man. The point of this testimony rests on his statement that neither of the four defendants was the man who fired the shots. Burwell never saw either one of the four defendants and the only knowledge he has of them was derived from his seeing some pictures purporting to represent the defendants in a clipping from a newspaper."

"It is unnecessary to dwell for a moment on the utter insecurity of such testimony as tending to anything like accurate identification."

"Reo testified to the delivery of a note from a female friend of Cirofetti at his house. The only hearing that this testimony can have is upon the alibi interposed by Cirofetti at the trial."

Testimony Is Worthless.—"Kalmanson testified he was in Forty-third street, saw an automobile and recognized Vallon standing on the running board holding a pistol in his hand. He did not know Vallon, had never seen him and the only means of recognition that he had was that two months later he saw in a newspaper a picture purporting to be that of Vallon. This testimony is similar to that of the testimony given by Burwell and is alike, worthless."

"Briefly have I touched upon the principal points in the testimony of each of these four witnesses. If no other circumstances existed but that of their silence and delay in coming forward until the last moment it would of itself be sufficient to create grave doubts of their truthfulness and good faith."

"It would be a violence to my conscience and judgment to say that the proffered evidence given by the witnesses whom I have seen and heard would probably have changed the verdict if given upon the trial which

CAILLAUX' FORMER WIFE AND HER SON TESTIFIES AT INQUIRY

Witnesses Declare Slain Editor Had Never Offered Money For Documents Relating to M. Caillaux.

Paris, April 11.—Mme. Gueydan-Dupre, former wife of Joseph Caillaux and her son Francis Dupre, testified today at the inquiry before magistrate Boucard in the killing of M. Calmette, editor of the Figaro by Mme. Caillaux, that M. Calmette never had offered them directly or indirectly money for documents relating to M. Caillaux. Mme. Gueydan-Dupre said she had never been approached by anyone with a view to arranging an interview with M. Calmette. She also affirmed she had not communicated to M. Calmette the contents of letters or documents of any kind and declared she had been surprised at the publication of the "Thy Joe" letter. The witness said that at the time of the publication of this letter she had telephoned M. Caillaux and he had told her he knew she was too loyal to have given it out.

M. Boucard had summoned the Princess de Mesange-Estrade, former society editor of the Figaro, to confront Mme. Gueydan-Dupre at the proceedings today but the princess was out of the city. The princess some time ago testified that at the time of the divorce of M. Caillaux and Mme. Dupre, three letters were destroyed by agreement in the presence of notaries but that Mme. Dupre had retained photographs of the letters.

M. Calmette, she testified knew of the existence of the photographs and offered \$6,000 to a person to arrange an interview with the holder of the photographs. This offer was refused. The princess said M. Calmette made a similar offer to her. She added that when the "Thy Joe" letter appeared in the Figaro, Mme. Caillaux had reasonable grounds to suppose M. Calmette had the other two letters.

FORMER FRISCO POLITICAL BOSS ELIGIBLE FOR PAROLE

SAN FRANCISCO, April 11.—By a decision today of the state supreme court, Abraham Ruef, former political boss of San Francisco who is serving fourteen years in the state penitentiary at San Quentin under conviction of having accepted bribes, becomes eligible for immediate parole.

The decision, however, although making it mandatory that his application be considered by the state board of prison directors, in no way directs them to grant it.

MARRIAGES BY CHICAGO JUSTICES OF THE PEACE ARE HELD LEGAL

CHICAGO, April 10.—Marriages in Chicago by justices of the peace today were held legal and binding by Municipal Judge Martin, who discharged Edward H. Polk, a justice of the peace, who had been charged with illegally performing a marriage ceremony. The validity of thousands of marriages in Chicago by justices had been attacked on the ground that the municipal court law depriving justices of judicial power had taken away their right to perform the ceremony.

Judge Martin ruled that the act of uniting in marriage was a ministerial act, not judicial.

NOT GUILTY OF MURDER.

Springfield, Ill., April 11.—Frederick Crane, a St. Louis carpenter who was brought to this city during the carpenter's strike in June, 1913, and who was accused of killing Robert L. Wilson, a union carpenter during a general fight, was today acquitted of the murder.

UPHOLD BY KANSAS COURT.

Topeka, Kansas, April 11.—The Webb-Kenyon bill passed by congress which gives the states control over liquor shipments, was upheld by the Kansas supreme court today as a result of the decision Kansas will take charge of all liquor shipped into the state.

SOUTHERN WOMEN BUSY.

Fort Worth, Texas, April 11.—Reports at today's session of the women's mission council, Methodist Episcopal church, south, show that southern Methodist women last year collected \$1,000,000 for mission purpose.

resulted in the conviction of the defendants. On the law and the facts they have had a fair trial and a jury of their fellow citizens has pronounced them guilty.

"No matter how harsh it may seem to be, it is nevertheless, justice to deny the motion."

C. G. F. Wahle, the gunmen's attorney, declared he would go to Albany early tomorrow morning and would make another personal appeal to Governor Glynn.

"Although we have now practically lost all hope of saving the men from the chair," said Wahle, "I shall fight until the end."

Glynn Makes No Comment.

Albany, N. Y., April 11.—Governor Glynn declined to make any statement concerning his future course in the gunmen's case or to comment in any way upon Justice Goff's decision.

NO TRUST LEGISLATION TO BE UNDERTAKEN NOW

ADMINISTRATION'S PROGRAM FOR THIS SESSION IS DROPPED

Plan as Now Outlined is to Pass Bill Creating Inter-state Trade Commission to Investigate Corporation Affairs and to Recommend Legislation Needed to the Next Congress.

SATURDAY IN CONGRESS

Senate.
Not in session.
Meets Monday.

Canals committee announced names of several prominent lawyers and diplomats who will appear next week to discuss the repeal of the Panama tolls exemption.

House.

Met at noon.
In the absence of Speaker Clark, Representative Hay of Virginia presided.

Diplomatic appropriation bill carrying four millions, was reported for debate.

Debate was resumed on the legislative, executive and judicial appropriation bill.

Adjourned at 5:15 p. m. until noon Monday.

Washington, April 11.—Anti-trust legislation supplementary to the Sherman act probably will not be undertaken at this session of congress on the broad scale originally outlined by the administration. This became known here tonight, Democratic senate and house leaders agreeing that a practical solution of the vexatious problem to cope with evils of big business through legislation has been suggested.

The plan it was asserted is to pass one bill which would create an inter-state trade commission with broad powers to investigate affairs of corporations and with specific authorization to inquire into the relation to commerce of interlocking directorates, holding companies stock watering, the issuance of railroad securities and price discriminations which tend to destroy competition. The commission would recommend to the next congress what further trust regulatory legislation it deemed advisable for the welfare of the country.

Plan Result of Conferences.—Such a culmination of an anti-trust legislative programme originally suggested by President Wilson in a special message to congress has been working out in conference between the president, senate and house leaders for several weeks.

The task tentatively outlined in bills proposed assumed proportions that precluded its accomplishment, leaders believed, in view of other legislative problems confronting congress and also because of the many conflicting opinions of men in the council of the dominant party as to just what should be done. It was pointed out tonight that President Wilson in his trust message, sought merely to suggest to congress evils of big business which needed regulation. Since then he has had many conferences with members of the house and senate committees which have from time to time submitted tentative trust regulation bills.

Some time ago a sub-committee of the senate inter-state commerce committee was appointed by the direction of Senator Newlands, the chairman to incorporate into one measure all features of the various bills contemplated. Since that committee has been at work, many stumbling blocks have been encountered as to how far congress should go in enacting legislation supplementary to the Sherman act, just what would strengthen the provisions of that act and just what might weaken it.

Ready With Heavy Artillery.—The heaviest artillery exponent of repeal of Panama toll exemption for American ships can bring to bear will be trained against the administration's flat repeal policy before the senate committee on interlocking directorates next week. Every possible argument that can be raised is to be brought forward in the hope of prevailing on the committee to make an adverse report on the bill as it passed the house and failing in that, to lay a foundation for continuing the fight in the senate itself.

In addition to the general opposition to absolute repeal, there will be arguments by Democratic senators who agree that exemption for American ships is in violation of the Hay-Pauncefote treaty and that the government should reserve its policy but hope the means of bringing this result about can be tempered with an amendment reasserting the sovereignty of the United States over the Panama canal.

SENATED TO HANG.

Kansas City, April 11.—Vic Guerin, convicted a week ago of participating with five other men in an attack upon Mrs. Gertrude Shidler, a nurse, was denied a new trial today and sentenced to be hanged May 23th.

MANUFACTURERS RETURN.

New York, April 11.—The Vauban arrived today from South American ports and carried among other passengers, Col. G. D. Roper, and several members of the Illinois Manufacturer's association returning from a trip to South American cities.

AMERICAN RED CROSS NURSE SELECTED FOR BULGARIAN TRIP

Miss Helen Scott Hay is Chosen to Superintend Queen Eleanor's Proposed School for Nurses in Bulgaria.

Washington, April 11.—Miss Mabel T. Boardman, head of the American Red Cross announced today the selection of Miss Helen Scott Hay, an enrolled American Red Cross nurse now in charge of the Western Suburban hospital at Chicago, as superintendent of the proposed school for trained nurses at Sofia, Bulgaria.

The appointment is the result of an appeal made to the American Red Cross by Queen Eleanor of Bulgaria who is to visit this country next month. Queen Eleanor asked help in instructing Bulgarian women in nurse work. She herself was a Red Cross nurse during the Russo-Japanese and Balkan wars.

Will Discuss Plans Tuesday.—New York, April 11.—Plans for the announced visit of Queen Eleanor of Bulgaria to the United States will be laid before the state department in Washington on Tuesday by William Casper, representative of the queen who arrived in this city last Thursday and Clayton Rockhill, recently appointed consul-general of Bulgaria in New York City. Arrangements for the queen's journey to the cities now included in the itinerary are being made rapidly.

Expects to Leave Next August.—Chicago, April 11.—Miss Helen Scott Hay, whose appointment as superintendent of the proposed school for trained nurses at Sofia, Bulgaria, was announced in Washington today, returned several months ago from a trip around the world. She did not visit Bulgaria during this trip, however.

Since returning to Chicago she has been engaged in organizing the nurses of the Western Suburban hospital, a new institution near Oak Park. She said she expected to leave for Bulgaria next August.

READS VIEWS OF PRESIDENT AS PUBLISHED IN YEAR 1879

It Seems Wilson's Ideas and Viewpoint Has Changed Greatly in the Succeeding Years and Especially in Recent Months.

Washington, April 11.—The views of Thomas Woodrow Wilson on the structure of the American government as expressed in a magazine article published in 1879 were presented to the house today by Representative Johnson of Washington, who explained that the writer was the present president of the United States.

"Thomas W. Wilson," said Representative Johnson, referring to the magazine article, "says that congress is a deliberative body in which there is little deliberation and a legislative body which legislates with little real discussion. He says that under the cabinet form of government, platforms mean something and that broken promises will end in broken power."

"Who is Thomas W. Wilson?" Progressive Leader Murdock interrupted to ask.

"He is Woodrow Wilson, the president, who is leading on this general overthrow of representative government," Johnson replied.

GOVERNOR DUNNE MAKES DISTRICT WARREN ASSIGNMENTS

SPRINGFIELD, Ill., April 11.—The following assignment of district wardens, effective April 13th, was made today by the Illinois fish and game conservation commission.

First district, Chicago—O. C. Hartley.

Second district, Sterling—A. M. Calvin.

Third district, Shelbyville—J. S. Storm.

Fourth district, Havana—J. M. Entwistle.

Fifth district, East St. Louis—Talbot F. Brunk.

Sixth district, Carbondale—M. R. Fakes.

VICE PRESIDENT WILL DELIVER WELCOME.

Marshall Will Address Daughters of American Revolution.

Washington, April 11.—Vice President Marshall will deliver the address of welcome to delegates to the annual congress of the Daughters of the American Revolution which meets here April 29 for a week's session. Mrs. William Cumming Storey, president-general, announced today that President Wilson has sent a letter of regret in reply to the invitation to address the opening session pleading official duties.

President and Mrs. Wilson will receive the delegates at the white house on the second day of the session.

LEAVES FOR WASHINGTON.

Minneapolis, April 11.—Mrs. John Lind, wife of President Woodrow Wilson's personal representative in Mexico, left tonight for Washington, where she expects to join her husband and their daughter, Jennie Lind, who are now on their way from Vera Cruz to the national capital. Mrs. Lind will reach Washington Monday.

GEN. BRAGG'S WIDOW DIES.

Pond du lac, Wis., April 11.—Mrs. Cornelia Bragg, 82, widow of the late General E. S. Bragg, commander of the Iron Brigade, died this afternoon at her home after illness of several weeks. She leaves one daughter, Mrs. Margaret Sherman, of Chicago.

REMAINS ARE LOST ON WAY TO SPRINGFIELD

BODY OF HIRSCHEL SANDERS ON WAY FROM NEWPORT NEWS, VA., OVERDUE

Coffin Should Have Arrived Friday—Every Springfield in United States Has Been Communicated With in Effort to Locate Casket.

Springfield, Ill., April 11.—The coffin containing the remains of Hirschel Sanders, son of Milton J. Sanders, a prominent resident of Pawnee, near this city, has been lost enroute from Newport News, Va., to this city. Young Sanders died as the result of an operation in Virginia Wednesday. Express company officials there sent word to the father that the body was sent to this city and would arrive here Friday. Mr. Sanders has been to every train and the corpse has not arrived. Tonight he is prostrated with grief. He has enlisted the aid of the express companies and every Springfield in America has been communicated with in an effort to locate the coffin.

WEATHER MAN IS KIND TO ALL THE INLAND STATES

But Bishes Up Rainy Weather for Atlantic Coast and Gulf States.

Washington, April 11.—A rainy Easter morning for North and South Atlantic coast and many of the gulf states, but bright skies for the remainder of the country was the final judgment tonight of the weather bureau forecaster on the vexing problem common to all the land.

No hope was held out to the South Atlantic, East Gulf and Southern West Gulf states, but a gleam of cheerfulness went to the North Atlantic states with the prediction that the rain here would last only for the morning hours with clear weather to follow. Conditions preceding storm were less noticeable tonight than on Friday night to the forecaster's vision. Low pressure continued in the northeast, but the southwestern storm area had shifted into eastern Texas.

The improvement will come a day too late, however, for the prediction is for bright weather throughout the country on Monday.

NEW YORK AUTHORITIES SEEK TO PREVENT DISTURBANCE

Leave Nothing Undone to Guard Against Riot and Meeting in town Square Passes Without Any Disorder.

New York, April 11.—With the memory of the disturbance of last Saturday in Union Square still fresh, the city authorities left nothing undone to guard against its re-occurrence at a similar and larger meeting of the unemployed and industrial workers of the world held in the same square today.

Though a crowd estimated at between 4,000 and 4,500 gathered in the square, the meeting was orderly throughout and some 420 policemen who had been brought to the meeting place and its vicinity had nothing to do. Orders had been issued by Mayor Mitchell and Police Commissioner Woods that the police were not to become active unless disorder was started or an attempt was made to form a parade. No curb was placed on those who spoke.

JUDGE LINDSAY WILL BE PRINCIPAL SPEAKER.

Will Be Heard at Congress on Welfare of Child in Washington.

Washington, April 11.—Full discussion of the responsibility of parents to see that their children are trained in good citizenship has been placed for in the program of the third international congress on the welfare of the child which will open here April 22. Announcement was made of this portion of the program today and Judge Lindsay of Denver, a leader in juvenile court work, will be one of the principal speakers. The general subject to be presented is:

"Parents' responsibility in training children for self support, home making and good citizenship."

AT THE LIBRARY.

The public is cordially invited to attend the Public Library book talks Tuesday evening at 7:45, when Miss Marion Fairbank will review Israel Zangwill's "Dreamers of the Ghetto." Dr. F. S. Hayden will speak of Weymouth's "Modern Speech New Testament" and Mrs. Truman P. Carter will give a sketch of Jane Austen's "Pride and Prejudice."

ELECTED BY THREE VOTES.

Chicago, April 11.—The slim margin of three votes, elected Henry P. Bergen, Democrat, alderman in the thirty-first ward, according to the official count of the canvassing board today. Earl C. Hales, Republican, had led in the police count by seventeen votes but the official canvass showed an error that gave victory to Bergen.

MUNCIE WILL BE "DRY."

Muncie, Ind., April 11.—Muncie, a city of more than 30,000 population will be without a saloon after June 9th, according to the county commissioners who late today decided the contest filed by the "wets" by confirming the certified vote of the recent local option election when the city voted "dry" by a majority 402 votes.

IRRIGATION CONVENTION COMES TO CLOSE IN DENVER

Conference Called by Secretary Lane Has Been in Session Since Thursday Discussing Irrigation Problems.

Denver, Colo., April 11.—The irrigation convention called by the secretary of the Interior Lane for the consideration of problems relating to the reclamation or arid lands closed tonight. The conference had been in session since Thursday.

The final act of the delegates was to adopt a resolution of confidence in Secretary of the Interior Lane.

Investment of postal savings bank funds in the bonds of irrigation districts was urged upon congress at the closing session. The action was taken upon the report of the committee on irrigation districts. Another section of the report which was adopted on full provides for the underwriting of irrigation district bonds by the federal government. Besides adopting the report of the irrigation district committee the conference adopted a resolution prepared by John D. Reavies of California and introduced by A. B. Thompson of Oregon providing for the selection of a permanent inter-state irrigation commission. The amended report of the Carey act commission carrying the suggestion made last by Assistant Secretary Jones for federal aid in financing projects by loans to farmers, also was adopted.

RE-APPEARS MYSTERIOUSLY AFTER BEING MISSING TEN YEARS

CEDAR RAPIDS, Iowa, April 11.—Angus McEachran of this city who dropped into complete oblivion ten years ago and was believed dead, has been found in just as mysterious manner as he departed.

McEachran apparently left here in a state of aberration following an injury to his head. A year later a telegram dated Seattle was received announcing his death and burial there.

This afternoon his son met him on a street here and recognized his walk. Subsequent conversation developed that he was talking to his own father.

JUDGE SCORES PRISONER WITH "CUTE" WAXED MUSTACHE

CHICAGO, April 11.—Municipal Judge Mahoney was vexed today when Edward Rochette, a salesman accused of wife beating, stood before him twirling the waxed ends of his dapper mustache.

"Go ahead and curl your mustache," said the judge. "This may make your hair curl, too. One hundred and costs."

"My experience has been that a man with a cute mustache which he constantly curls is not worth the powder to powder his face."

CONTRACTS FOR TWO COLLIERIES AWARDED BY SECRETARY DANIELS

WASHINGTON, April 11.—Contracts for the construction of two collieries intended primarily to transport coal to the coal stations at the terminals of the Panama canal, but so designed and fitted as to be available also for use by the navy in time of war, were awarded by Secretary Daniels of the navy department for \$987,500 each. The vessels, which must be finished in eighteen months, will each carry 12,000 tons of coal and have a speed of 14 knots.

CUTS EYE ON WIRE.

Miss Ona Perkins of Franklin is at Passavant hospital, suffering from an injury to the lid of her right eye, sustained at 8 o'clock Saturday evening near her home. She was going through a gate and did not notice the strand or barbed wire stretched between the posts, until she had collided with it and badly lacerated the lid. She was brought to the hospital at once by her father, Dr. J. B. Perkins and the wound was attended by Dr. A. L. Adams. Although very painful the injury is not serious and the sight of her eye is in no danger. As there were no trains at that hour she and her father made the trip by road.

TWO BICYCLES STOLEN.

Thomas Duffner, who is employed at the Garland & Co. store went to get his bicycle last night and found some one had stolen it from the rear of the store. Another bicycle in front of the Park hotel was also reported stolen, to the police.

UNEARTH SKELETON.

Los Angeles, April 11.—La Brea Fossil fields near here yielded up today the practically complete skeleton of a pre-historic elephant, which it is believed roamed the earth some 200,000 years ago.

THE WEATHER

WASHINGTON, April 11.—For Illinois: Fair Sunday; Monday fair and warmer; gentle northwest breezes becoming variable.

REBEL CHIEFTANS TO MEET IN CHIHUAHUA

EXPECT IMPROVEMENT IN FOREIGN RELATIONS OF CONSTITUTIONALISTS

Huerta Offers Repudiation and Apology for Arrest of Marines—Action Relieves Tense Situation in Washington—Lind Is Expected This Week.

El Paso, Tex., April 11.—Much improvement in the foreign relations of the constitutionalist provisional government of northern Mexico, it is hoped, will result from the meeting which it is promised will take place at Chihuahua next week between General Venustiano Carranza, first chief of the revolution and General Francisco Villa, supreme military commander. Representatives of the most vigorous nature have fairly been pouring in on General Carranza at Juarez from Washington since the expulsion of the Spaniards from Torreon and announcement of the rebel purpose to continue this policy. Carranza, it is said, has made no direct replies to several of these representations and today it is said the state department insisted that definite written replies be returned.

The questions involved deal with the expulsion of Spaniards, the confiscation of property and the right of the United States to deal directly with Carranza in behalf of other nations.

A heart to heart talk between Carranza and Villa, therefore, is looked upon with high hope by other leaders of the rebellion. The two have not met since the Madero revolution and since that time Villa has arisen from the crude leader of a small band to the command of an army.

General Carranza, his staff and the personnel of the executive offices, left Juarez today for Chihuahua. Next Monday George C. Carothers, special agent of the state department will follow him to that city and will continue to Torreon if Carranza removes his capital to the scene of the recent battle.

Knowledge of the military situation east of Torreon remained rather vague today. The evacuation of San Pedro by the federal garrison was confirmed and General Velasco was still reported at Parras, 100 miles west of Saltillo.

Situation Is Relieved.

Washington, April 11.—The tense situation created here by the arrest of American marines by Mexican authorities at Tampico was greatly relieved today with the receipt of General Huerta's prompt repudiation and apology for the action, forwarded from Mexico City by Charge O'Shaughnessy. While no definite statement was obtainable in official circles, it was broadly intimated that the necessary redress for the affront had been afforded.

Expect Lind Monday.

Washington, April 11.—The presidential yacht Mayflower, bearing John Lind, President Wilson's personal representative in Mexico to Washington from Vera Cruz, has not reported to the navy department since clearing the Mexican port last Monday. She is expected to reach the navy yard here either Monday or Tuesday.

DANVILLE CHURCHES APPEAL FOR VOLUNTEER SEARCHERS

It Is Hoped That 500 Men Will Report at Westville Tomorrow to Search For Missing "Dry" Worker.

Danville, Ill., April 11.—Two men descended the air-shaft of the dry abandoned mine at Westville today but found no traces of Rev. Louis R. Patmount, the "dry" worker who disappeared March 31st.

Tomorrow in every Protestant church in Danville an appeal will be made for volunteers. It is hoped that 500 men will report for duty at Westville Monday morning when the search will be resumed with renewed vigor.

Word was tonight received from Milwaukee, where Rev. Patmount resides that every Protestant church of that city will take a collection tomorrow to help finance the search. More detectives will be employed and a reward offered as soon as sufficient funds are secured.

EAGLES TO OPEN SEASON WITH SPRINGFIELD GAME NEXT SUNDAY

Extensive Improvements Have Been Made on Local Diamond—Nearly All Last Year Men Will Play.

Next Sunday the local Eagles Baseball Club will open their season with a contest with the Springfield Three Eye Club at Nichols park. President George W. Davis of the Eagles club, returned from Springfield yesterday where he completed arrangements with the Springfield club for the game.

Manager McCollister and Captain Wheeler together with a number of members of the club spent the greater part of last week looking after improvements at the local diamond. The diamond has been put in excellent condition, a line of bleachers has been built along the third base line and fences have been erected just north of bleachers and west of the grand stand.

The Eagles baseball club was organized last spring and they put up a good article of ball last summer closing the season with a number of victories chalked up to their credit. With nearly all of the old players back, they expect to play better ball this year and have signed John Cannon, a fast outfielder, and Thos. Wall is trying out for short. As the club has been to quite a little expense in making improvements at the park, booster tickets have been printed for the opening game.

Men who experience difficulty in securing a satisfactory fitting stiff hat should consult FRANK BYRNS' Hat Store.

REGULAR SHOOT WEDNESDAY.

The regular shoot of the Nichols Park Gun club will be held Wednesday afternoon, April 15, at 1 o'clock. The Stevens Watch fob will be shot for, for the first time and this event, which will be an added attraction, will be for members only. Re-entry matches will be open to all.

ORDER ICE CREAM.

For you Easter dinner, from Muller & Hamilton, either phone 70.

SOUTH SIDE CIRCLE MEETS.

The South Side Circle met at the home of Mrs. T. H. Buckthorpe on South Main street, Friday afternoon. An excellent paper on "Juvenile Court Laws and Playgrounds" was presented by Mrs. James Strawn and Mrs. Charles Elmer gave an interesting talk on "Day Nurseries and Children's Hospitals." Light refreshments were served.

SECRETARY WOODS HERE.

Secretary of State Harry Woods was a visitor in Jacksonville yesterday. Mr. Woods came here on business connected with the collection of the automobile tax and to interview various of his political friends.

TELLS OF MONTESSORI MOVEMENT IN U. S.

MISS ELIZABETH JENKINS ADDRESSES WOMAN'S CLUB.

Lecturer at the Chicago Kindergarten Institute and Gertrude House Tells of Educational Work in Addresses at Academy Hall Yesterday.

The Woman's club met in regular session at Academy hall Saturday afternoon when Miss Elizabeth Jenkins was heard in a splendid address on "The Montessori Movement in America."

After the reading of the minutes both of the last regular meeting and of the meeting of the executive board, attention was turned to the regular business.

The Civic league was given a prominent place which it so richly deserves. The meetings of the various sections were announced with time and places of meeting. Mrs. Reid was asked to speak of the forward movement of our public schools and in a few pointed well chosen remarks she emphasized the place that our own city schools have in the educational work in this state and made a strong appeal for the adoption of a general school law. She urged that our city be in the advance guard in this matter and stand up to its reputation as an educational center.

Miss Natalie Jensen who is always heard with so much pleasure, played two numbers for the violin, her selections were "Melodie" by Tachatskowsky, and "The Princess" by Raudaeger. Mr. Kritek added much to the pleasure of these numbers by his sympathetic accompaniments.

The president asked the chairman of the educational committee, Mrs. Harrison King, to introduce the speaker of the afternoon. In presenting Miss Jenkins to the club Mrs. King prepared the way for one of the most interesting addresses of the year. Miss Jenkins' sympathy with the subject, her appreciation of Dr. Montessori, her keen judgment of the scope as well as the limitations of the Montessori methods, were very illuminating. Her material used in presenting ideas to children was interesting but not the material that seems best adapted to children in our own land. After adjournment a delightful hour was spent socially at which time the club had the pleasure of meeting Miss Jenkins and Miss Olmsted, who as a visiting nurse is now in our midst.

Miss Jenkins' Address.

Miss Jenkins in part said: "The Montessori movement is carrying its challenge east, west, north, south, bidding us give good reason for our faith in educational work now being done with young children in this country, and receiving a wide response—largely because of the present educational unrest. There are those who say that it is a fad, a nine days' wonder, of which we shall soon hear nothing; others say that the Montessori method is destined to supplant that of the kindergarten; still others take the safe middle ground and predict that it will modify present day methods of teaching little children whether in the kindergarten or in the primary grades.

Two Foreign Systems.

We are witnessing the curious phenomenon of two foreign systems of education for young children vying with each other for first place in this country; the one, the kindergarten, now so strongly entrenched in the hearts and minds of American people, so thoroughly Americanized that we forget its German origin and how difficult it was fifty years ago for it to get a foothold on American soil; the other, the Montessori system, newly arrived "under suspicion," to use Elbert Hubbard's words in another connection. Talk with a pioneer kindergarten and read in her experiences and those of her fellow workers something of that Montessori enthusiasts are battling with these days.

Prof. Kilpatrick of Columbia university, who has made a special study of her methods, says that her system "has the spirit, but not the content of modern science." He says that her psychology is that of twenty-five years ago and that his colleague, Prof. Bigelow, characterizes her biology as "generally weak, often incorrect and at times absurd."

Is On New Ground.

From the popular point of view Dr. Montessori is on new ground when she advocates the training of the senses, whereas sense-training has always been an essential part of kindergarten theory and practice. * * * The sense of training of the Montessori children is used directly as a preparation for the technique of the three R's. There is no opportunity given for self expression in any other way. When you hear a Montessori child exploding into writing, you may wonder at his doing so soon. I have seen a Montessori child try to do it before the approved psychological moment, have seen him try to play with the blocks as any child naturally would and have seen his play impulse almost immediately checked, for he must use the material in the prescribed way or not at all.

Has Puzzle Element.

It would be interesting to experiment and see if a child would naturally choose the Montessori material in preference to any other, and for how long it would satisfy. It certainly has an attractive puzzle element, and it gives the little child the opportunity of doing the same thing over and over until his joy in the activity is satisfied and his sense mastery of the material complete.

In all her work with the children Dr. Montessori lays much stress upon the controlled movements and does definite work toward accomplishing this. The game of silence is one means used, but it is a question

whether the immediate re-action which follows the game does not indicate that the children are under too great a nervous strain during it. SEE HERMAN'S NOBBY SILK DRESS SKIRTS.

THE CIVIC LEAGUE AND THE SCHOOL LAW QUESTION.

The Woman's Civic League is sponsor for the movement for bringing the public schools of Jacksonville under the general school law of the state.

The Civic League was formed for the specific purpose of aiding in all movements for the civic betterment of our city. The interests of the schools have always been the especial care of the women, and for many years before they were given the right on other questions their knowledge on this subject was recognized by the grant of a vote in school elections. So it is natural and quite as it should be that the first issue raised by the newly enfranchised voters in our city should be on a question of school policy.

Women have had the vote on school questions for years; why have they not "done something" before this? was the comment of one of our business men as he signed our petition for the coming election of the school law. The friend forgot that we have never before had voted on an issue, but only on candidates. Voting each year, as we have done, for school board members put in nomination by party organization, has only served to show us the futility of such passive activity. Evidently we could not fail to see struck deeper root and required more radical treatment.

The settled policy of the league is to study carefully all questions at issue before voting. Increasing the number of "blind voters" we realize can only result in increased confusion. An attempt has been made to bring clearly before such of the public as are interested, the points at issue in the coming election, and to avoid all personal bitterness and unprofitable controversy.

The women, in this movement do not claim honor of initiative. They simply record their hearty endorsement of a movement which years ago was started by the leading educators of the state. And we find that it is not alone the women, but the men of our city that are most intelligently interested in questions of school management, who look upon a change from the special charter to the general school law as the next step forward in the development of our public schools.

(Signed) Woman's Civic League.

NEW SPRING COATS ARRIVING DAILY AT HERMAN'S.

MODEL LAUNDRY DECIDES TO MEET FOREIGN COMPETITION.

There are several young men in Jacksonville soliciting laundry for foreign laundries, not because they have anything against our local laundries, but for the commission they receive to help pay their way through school.

The local steam laundries are modern and up-to-date. There isn't a town in Illinois the size of Jacksonville that can boast of having laundries that are as modern and sanitary as Jacksonville. We have decided to give a commission to any young man or citizen of Jacksonville that cares to take advantage of our offer. All that we ask of the people who wish to help some deserving one to make part of his expenses, is that they give their work to the Model Laundry.

Our proposition is that you bring to our laundry \$5 worth of work at our regular list price and call for it, paying for same at the time you receive it, and we will return you as commission \$1 in cash. Any amount of laundry you bring at any one time will be credited on a card we will issue. When the amounts total \$5 the commission will be paid.

The Model laundry wants to help any one that is deserving and also wants to keep the money in circulation at home. Bring your laundry Monday and get one of the cards. Model Laundry, 213 S. Sandy St.

Paul J. Rainey's African Hunt

The jungle, with its silence and mystery, lures the interest of civilized man with an overwhelming fascination. For ages it has been inaccessible and impenetrable, but civilization, aided by the marvels of modern transportation and communication, is at last partly able to disclose its secrets. Paul J. Rainey stands pre-eminently world-famed as the greatest living explorer of the jungle, and the most responsible authority on the life and habits of the monarchs of the animal kingdom. The world's most daring animal photographer face to face with savage animals in Boreo, India and Africa. Risked his life to produce a thriller that will create a world-wide sensation. Featuring native lion hunt in the heart of the African jungle.

THE MONARCH'S SOLILOQUY—For ages past I have been king of the jungle. Now I find myself to be king of the movies. Much has been said of this and that bright particular star of the silent stage, but since I and my associates of the dark continent have appeared in the theatres of the world, I find that no famous photographer has ever rivaled us as a box-office attraction. We have appeared by special command before kings and queens, and by overwhelming demand before wealthy people at top prices. 12% P.

C/B a la Spirite Corset

EMPHASIS ON "INDIVIDUALITY"

That's the new meaning of Fashion—"make the most of your personal points."

Unless your figure is corseted the emphasize its best lines—its most graceful, youthful ones—the smart new gowns are not a success on you.

One corset—the C-B a la Spirite—is designed to mould every woman's figure into the smartest lines required by the new styles.

It accomplishes this by employing softest, most clinging materials, cleverest effects of boning, and skill in construction famous for 40 years and more.

One of the 240 different C-B models is made especially to bring out the individuality in your figure. Examine the new C-B models at our corset department today.

The Standard Everywhere for the Woman of Fashion.

C/B a la Spirite Corset

Not a New Corset, but the Very Newest in Smartness

The reason so many hundreds of thousands of women wear only the C-B a la Spirite Corset is because the C-B in all its models keeps abreast—even a little ahead of Fashion's dictate.

Real Smartness is built into all the new season's C-B models, without changing the characteristics which have made each model a favorite with some particular type of woman.

"Over 240 different types of figure smartly corseted" aptly describes the C-B line.

Examine the new season's C-B models at our corset department today, and see the model especially designed to mould your figure into the newest lines of smartness. C-B prices \$1 to \$10.

The Standard Everywhere for the Woman of Fashion.

C/B a la Spirite Corset

Are They Saying it of You?

Are your friends classing you among the women who cannot seem to catch the new spirit of dress—who are failures when they attempt to wear the trying new gowns smartly?

Don't run that risk. Be properly corseted—that's two-thirds the problem.

If you know that the best points of your figure are being brought out by one of the new C-B a la Spirite Corsets, you will have the consciousness of knowing that you will conquer—easily—the difficulties of the new styles.

HERE IS SUPER STRENGTH

REO THE FIFTH is designed by a man who believes in super-strength. He has learned this need through 27 years of car building. In this 35-horsepower car, every driving part is made to meet the requirements of a 50-horsepower engine. And every test goes far beyond the usual requirements.

FOR INSTANCE

For years we have kept test chassis on the road. Relays of drivers have run them at high speed night and day. After 10,000 miles of this reckless driving we take the car apart and inspect it.

Not only must the chassis stand that test, but every vital part must stay new. It must show but little evidence of wear.

We could build this car for

one-fourth less by just skimping the hidden parts. Under normal conditions it might for a time serve you as well as this. But it could not stay new. And it might cost you hundreds of extra dollars in troubles, repairs and upkeep.

DOES IT PAY?

It pays us to give you the utmost in a car. We have in this way held the lead in our class. The demand for such cars has grown and grown, faster than we could supply it.

We are building for the future—for what men will say five years after buying the car.

It also pays owners to buy such a car, when they buy a car to keep.

GO AND SEE

Go and see this car. See the handsome streamline body, the perfect equipment, electric

lights and starter, deep upholstery, perfect finish.

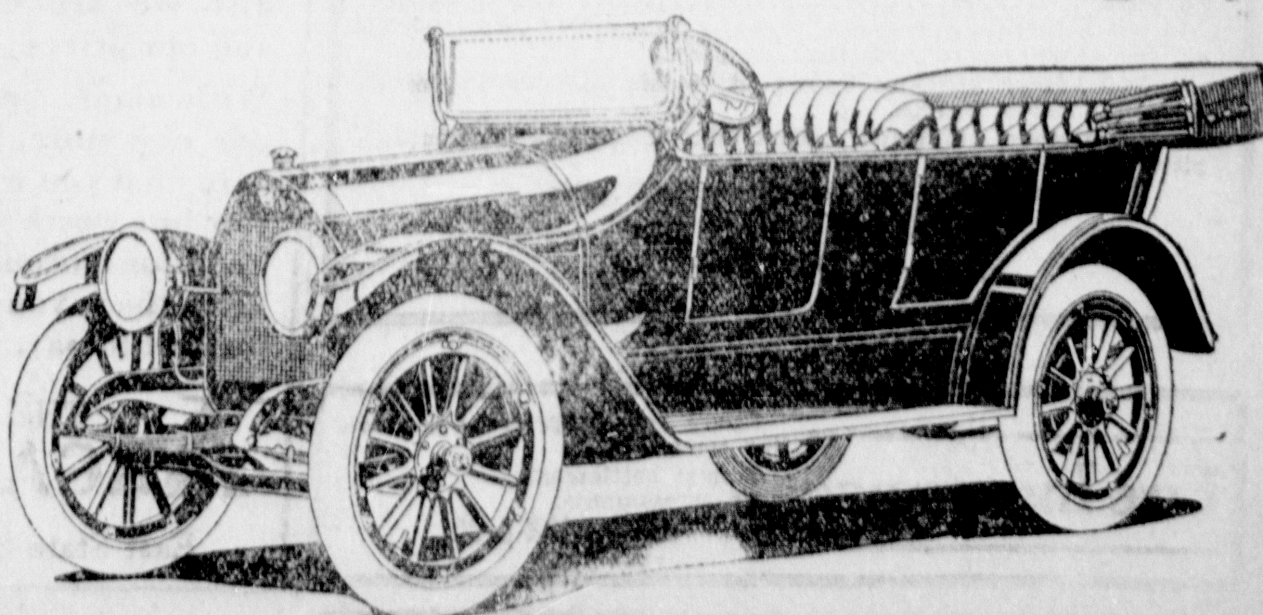

Then go below all that. Get the details of this costly chassis. Find out why each car is six weeks in the building.

Then note how low we have brought the price. Last year's price was \$1,395, with electric starter and lights. This year it is \$220 less. Most of that saving comes from the fact that all our special machinery for building this car has been charged against previous output.

We are giving you here the best we know, regardless of time and cost. The more you know about motor car troubles, the more such a car will appeal to you.

HOTEL PAPERS GIVE NOTICES OF MRS. ALEXANDER SMITH'S DEATH

Sympathy of Long Time Associates Is Expressed for Capt. Smith.

The National Hotel Reporter and the Hotel Word, in recent issues pay tribute to the memory of Mrs. Alexander Smith. For thirty-three years Capt. Smith has been identified with the organization of Hotel Keepers whose official organ is the Hotel Reporter. No man is more respected and beloved by hotel men the state over than Capt. Smith and he is receiving the sincere sympathy of his friends in the time of his keen sorrow. The notices referred to from both papers are reprinted herewith.

From the Hotel Reporter.
"Captain Alexander Smith, the well-known retired hotel keeper of Jacksonville, Ill., will have the sincere sympathy of a large circle of friends because of the death of his estimable wife, which occurred suddenly from heart disease on Friday last, the third inst. Mrs. Smith and her husband had been at Westminster church attending the evening service and while returning to their home she was taken ill and died fifteen minutes after reaching the house. The deceased, who was sixty years old, was married to Captain Smith, April 7, 1875, and their domestic life has always been of the happiest nature. Mrs. Smith is survived by her husband, one sister, Mrs. A. J. Adams of St. Louis and an adopted son, Alexander Smith, Jr., who is at present connected with the Hyde Park Hotel in Chicago."

From the Hotel World.
"Mrs. Alexander Smith, wife of Capt. Alex Smith, the veteran hotel man of Jacksonville, Ill., passed away last Friday in that city. Mr. and Mrs. Smith had been married nearly forty years, and Mr. Smith feels very deeply the loss of his life companion. Captain Smith, one of the veterans of the civil war, with a brilliant record in that late 'unpleasantness' has been proprietor and owner of Jacksonville hotels for forty years, but some two or three years ago retired from active business. He has one son who following hotel life, has been associated with various hotels. Capt. Smith married Miss Litzelman April 7, 1875 and they have lived a happy and successful life together. Her death was due to a sudden attack of heart failure while on the way home from a church service. She was born Oct. 27, 1854, near Newton, Ill. Mrs. Smith was much beloved in the community where she resided so long."

FARMERS PLANTING OATS.
Many farmers were busy Saturday planting oats but there were many fields where the ground was found to be too wet. Farmers say that if the ground works up too wet that it is better to risk waiting to plant oats later on. The crop needs plenty of rain later on but the ground should be reasonably dry at planting time for the best results.

East State Street

We will move to larger quarters about April 15th. Just two doors East of our present quarters.

With the stock which we have in storage and new goods that will arrive, we will then have an excellent exhibit of furniture and housefurnishings.

Even with the cramped condition of our store our business has been so satisfactory that we feel sure the Public appreciate the merchandise we are offering and our prices.

With ample space in our new store, we are sure that you will find our line worth your inspection and our prices less than you would expect to pay.

SHARES IN STRAWN ESTATE FIGURED

INVENTORY IS NOW BEING PREPARED FOR FILING WITHIN TWO WEEKS.

Will Show Large Amount of Personal Property—Whole Estate To Be Divided According to Laws of Inheritance—Portions Vary From One Sixth For Brothers to One One Hundred and Forty-fourth For Great Nieces and Nephews.

The inventory in the estate of the late Julius Strawn has not yet been filed by the administrator Gates Strawn but will probably be added to court records within two weeks, although the law allows six months. Judge Kirby as attorney for the executor is now compiling this inventory which will be very extensive on account of the large amount of personal property Mr. Strawn left. This has not yet been totaled.

The inventory will show that Mr. Strawn had 92 1/2 acres of land in Morgan county. He owned also a residence on East North street and a two thirds interest in the Strawn homestead on West College avenue. The other realty is located in Texas and has not yet been inventoried.

In connection with the administrator, Judge Kirby has figured out the proportionate share in the estate of each of the heirs. As before mentioned the estate is probably worth from \$500,000 to \$700,000. The names, relationship and addresses of the persons who will inherit the property and the portion of the total each will receive are indicated below.

Gates Strawn, brother, Jacksonville, Ill., one sixth.

AN EASTER LEGEND.

Martha Capps-Oliver.

Fair are the lilies that bloom for the Lord,
Rooted in their spotless array,
Lifting their chalices, waxen and pure,
Crowning the glad Easter day;
Brimming with order and steeped in the light,
Stoiled, as the seraphs, in mystical white,
Lilies, white lilies,
Bloom out for this day—
The Lord of the garden
Is passing this way!

Once, through Gethsemane, shadowed and dark,
Thrilled with sense of its loss,
Stole a low whisper of shuddering pain:
"Jesus is nailed to the cross!"
Low dropped the boughs of the cedar and pine,
Seared were the branches of olive and vine;
And pale lilies,
Wan in the gloom,
Bowed o'er the pathway
That led to the tomb.

Withered and gray were the grasses and flowers,
Scorched in that passion of pain,
Barren and brown were the valleys and hills,
Shrunk the vintage and grain;
All the dim pathway, from garden to cross,
Spoke of the darkness of sorrow and loss;
While the closed lilies,
Bent, as in prayer,
All through that midnight
Of woe and despair.

Thrice had the sun, in its circle of light,
Gazed on the desolate scene,
Thrice had the plying Night drawn her clouds
Over the world, as a screen;
Came the third morning, the tomb was unsealed—
Ah, what a glory the daybreak revealed!

All the white lilies
Had bourgeoned in bloom,
Jesus, the Savior
Had burst from the tomb!

Softly, ah softly, the winds told the trees,
Whispering it under their breath,
Swiftly the trees sped the tidings along;
"Jesus has triumphed o'er death!"
How the life started in grass and in flower—
Green were the hilltops and trees
In that hour;
While Christ's sweet lilies,
Stately and white,
Lifted their faces
Up to the light.

Since that blest morning, long ages ago,
When at the sepulchre door
Angels were waiting that Presence to greet,
Crowning Him Lord evermore,
First of the flowers that gather around,
Leaving their sepulchres, low in the ground,
Hasten the lilies,
Now, as of yore,
Waiting to greet Him,
Risen today.

RELIABLE—FOLEY'S HONEY AND TAR COMPOUND.

It is the quality of Foley's Honey and Tar Compound that makes it such a reliable medicine. For coughs, colds, croup, whooping cough, bronchial and la grippe coughs, which "hang on" in the spring and weaken the system, it has no equal. It also gives prompt and definite results for hoarseness, tickling throat, and stuffy, wheezy breathing. Mrs. Benj. W. Seavey, West Mills, Me., says: "Let me tell you how much I think of Foley's Honey and Tar Compound as a family cough syrup. It is particularly valuable as a small quantity has the effect desired, and it contains no opiates. I consider it the best cough syrup we have ever used." And Thos. Verron, Hancock, Mich., says: "Foley's Honey and Tar has always proven effective, quickly relieving tickling throat, and stopping the cough with no bad after effects." In 25c, 50c and \$1.00 bottles. CITY'S SCHOOL CHARTER ADOPTED FORTY-SEVEN YEARS AGO

Original Act Was Amended Two Years Later—No Charters Granted After State Constitution was Adopted.

(Continued from April 10.)
The Jacksonville charter was granted in 1867 and amended in several particulars in 1869. No charters were granted after the adoption of the state constitution in 1870. A very few citizens are familiar with it it will be reprinted in the Journal in two or three installments. The copy is taken from a book of city laws compiled in 1884 by H. C. Dummer.

15. Interest. Ibid Sec. 14.—If default be made in the payment of the interest, or of the principal when due, interest at the rate of 12 per cent per annum on the amount due shall be charged from the default, and may be recovered by suit; suit may be for the interest only, whether the principal may be due or not, and if the interest be not paid within ten days after the same becomes due, the principal at the option of the holder of the notes, shall thereby become due and may be recovered by suit if necessary.

16. Judgments. Ibid Section 15.—All judgments for principal or interest, or both, shall draw interest at the rate of ten per cent, from the rendition of judgment, and said board may purchase in property sold on execution or decrees in their own favor, as in cases. No judgment for costs shall be rendered against said board to be paid out of school funds.

17. Insufficiency of security. Ibid Section 16.—If the security for any loan or other debt due the school district, in the judgment of the board, becomes doubtful or insecure, they shall cause the debtor to be notified thereof, and if he shall not immediately secure the same to the satisfaction of the board, the principal and interest shall thereby become due immediately, and suit may be brought against all the makers of the note, although such condition or stipulation be not inserted in the note.

18. (See Section 4 Section 17.—The board of education shall be appointed, one in each ward of said city, by the city council, by a majority vote or ballot, and no person shall be appointed unless a householder and a resident of said ward for which he is appointed, and each shall serve and hold their office for the term of one year from the date of their said appointment.

19. Term of office—vacancy.—Ibid Section 18.—All officers, under the act shall hold their office until their successors are appointed and qualified; removal from the ward by any director shall vacate the office, and whenever a vacancy shall occur in the office of director, the city council of Jacksonville shall supply the same, upon notice thereof by the clerk of said city, which appointment shall be for the unexpired term only.

20. Annual statement. Ibid Section 19.—Said board of education shall publish annually the statement of the number of pupils instructed in the preceding year, the several branches of education pursued, the receipts and expenditures of each school, specifying the source of such receipts and the object of such expenditure.

21. Persons outside of district may be admitted. Ibid Section 20. Said board shall have the power to admit persons who do not reside within said district into said school, upon such terms as may be agreed.

22. Ages at which scholars may be admitted. Ibid Section 21.—All free white persons over the age of five years and under the age of 21 years residing within said district, shall be admitted to said school free, and upon payment of such rates of tuition as the board shall prescribe, but nothing herein contained shall prevent persons being suspended, expelled or kept out of said school altogether for improper conduct.

23. (Amendment to 22). Act March 29, 1869, Sec. 2.—That the 21st section of the 11th article of the act hereby amended, be amended by striking out the word five and inserting in lieu thereof the word six.

24. Colored children.—Act February 15th, 1867, Section 22.—There shall be maintained at least one school for colored children, to be under the control of the board.

25. Board may contract on credit. Ibid Section 23.—In purchasing or leasing grounds or buildings for school purposes, said board of education may do so on credit, and when the price and condition of the purchase or lease is agreed upon, the board may certify the same to the city council of Jacksonville, and the city council shall make, or cause to be made, to the proper party, the bonds or obligations of said city for the payment of the purchase money according to said terms, or said board may execute in their own name said contract, bond or obligation, any they shall be binding upon said city: Provided, a majority of the city council shall consent to the same, and the city council shall provide for the payment of the same and the interest thereon as it becomes due, as though they were executed by the City of Jacksonville and under her corporate seal.

SCHOOL LAW VS. CHARTER

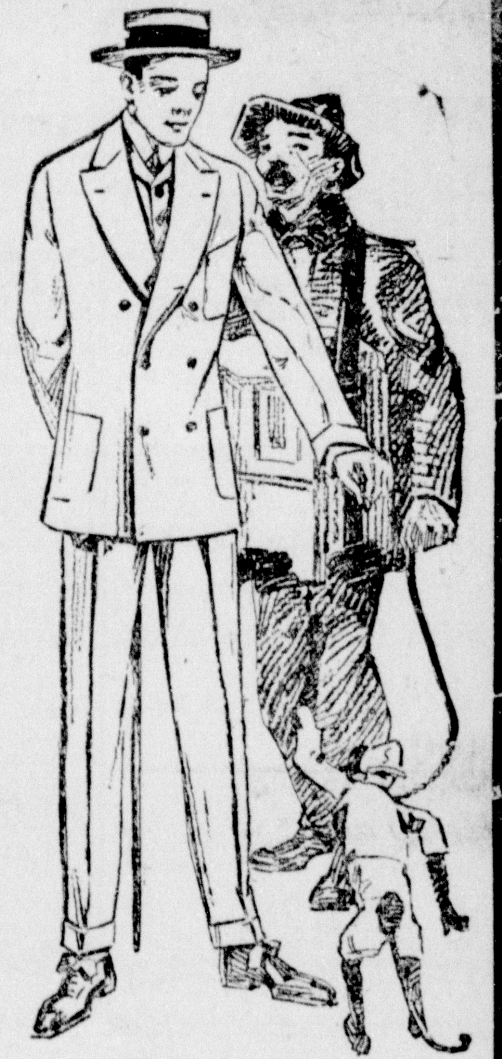

(Contributed.)

Under the special charter the city treasurer acts as treasurer of the board of education, serving in that capacity without any additional compensation. Under the general school law the township treasurer becomes the treasurer of the school fund and Jacksonville will assume the payment of the greater part of his salary. The township treasurer is appointed to that position by the trustees of the township. Since the school law prohibits more than one trustee coming from any one dis-

strict two of these three trustees must come from outside of Jacksonville.

A president and nine members will constitute the school board should we go under the general school law. A board of ten members will have more calls to bestow favors on those who elected them than a board of four members and a president. A large board, elected at large in the city, will be more productive of fads and extravagance than will a small board.

A school board elected by wards is a representative body. We all know that different parts of the city have different people as to their race, nationality, wealth, social environment and other respects. It is only the part of wisdom to allow each ward to choose as far as possible its own representative to the school board. I can see no reason why any particular faction, party or any other kind of organization should dominate the whole board as will be done by electing the members of the school board at large, under the general school law.

If we go under the general school law, with a board of ten members, double the number we now have, there is not a teacher in the entire corps that will have assurance of re-appointment to her position. To go under the general school law will mean practically a complete change in the membership of the school board and sweeping changes in the teaching force. The people of Jacksonville owe it to the faithful and hard worked corps of teachers in its schools to secure them in their positions as far as possible by defeating the general school law proposition. The teachers owe it to themselves, not only to vote against this proposition, but to request their friends to do likewise.

WORLD'S MARKET NEWS

AGGRESSIVE SUPPORT FOR THE STOCK MARKET IS LACKING

Only a Small Amount of Business
Comes in Over the Holiday
and Foreign Markets are Still Closed.

New York, April 11.—Aggressive
support for the stock market was
lacking today and prices eased off
slowly. Only a small amount of
business came in over the holiday
and the foreign markets were still
closed. Under these circumstances
and with a week-end session the
street looked for only a nominal
market. Trading was limited large-
ly to professional operations and
while the movement was steadily
downward the average loss was not
severe.

The bank statement reflected the
return to normal channels of funds
paid out to meet April 1st, interest
and dividend requirements. Loans
were cut down \$10,000,000. In-
stead of a small cash gain, estimated
at \$2,000,000, there was an in-
crease in the actual cash figure of
\$7,451,000.

The result for the week went far
toward restoring the surplus to the
amount held last month more than
\$8,000,000 being added.

UNEASINESS OVER GREEN BUG ADVANCES THE PRICE OF WHEAT

Buying on Part of One Chicago Firm
Amounts to Nearly Two Million
Bushels—Market Closes Firm.

Chicago, April 11.—An easiness
over green bug in Oklahoma had con-
siderable to do today in the advance
price of wheat. Largely in con-
fidence the market closed steady at
a gain 1/2 @ 3/4c; corn finished 1/2
to 3/4c down, oats unchanged to 1/2
lower and provisions off a shade to
2 1/2 @ 5c.

Despite an opinion by a veteran
crop expert that the green bugs had
done damage to wheat as yet, buy-
ing on the part of one Chicago firm
alone amounted to nearly 2,000,000
bushels. Corn broke sharply under
selling pressure from leading specu-
lators. Word that Argentine corn
was being sold in Oklahoma had a
depressing effect. Declines in cash
prices at Kansas City and Omaha
tended also to make the market
heavy. A moderate bulge at the com-
mencement of trading served only to
render the weakness later more evi-
dent by contrast. Oats were unsettled
but finally displayed most sympa-
thy for the downturn in corn. The
chief contending influence was the
weather hindrance to planting.
Provisions sagged throughout the
day. Lack of any important buying
formed the main reason.

"One of the happiest remembrances of my youth," wrote a
Chicago man, "is the month I spent in Colorado as a young-
ster with my burro. Many a joyful jaunt I had with that
shaggy little wise-eyed fellow, with the patience of Job and
the loving wisdom of the centuries, and what delightful ad-
ventures we had in the flowery fields and on the sun-check-
ered, pine-tapestried trails of that Wonder State! Since then
it has always seemed to me that nothing more delightful can
happen to a boy or girl than to be turned out-o'-doors in
Colorado with a burro."

You don't want awkward "all eyeglasses" looking glasses.

We have made a study of facial characteristics, and select the size, style and shape of eyeglasses most becoming to the face of the wearer. There is a "knack and know how" about proper eyeglass fitting and adjusting, that we have long ago discovered.

With the glasses we make, you look well from either side.

In The World of Motion Pictures

(By Mark C. Fagan.)

The recent convention of exhibitors in Cleveland, Ohio, emphatically condemned the manufacturers of film who entered into the exhibiting game, and, while no definite names were used, it very evidently was intended as a direct shot for the Vitagraph company, which operates the Vitagraph theatre.

The Ohio exhibitors surely reckoned with little consideration, if such was the case, and it now seems that the many rumors to the effect that the Vitagraph company was embarking in the exhibiting business on a large scale have been started, but are all unfounded. This is shown by an announcement that "A Million Bids" and "Goodness Gracious" are being released to the public through the General Film company.

The Vitagraph Theatre opened Saturday night, February 7, 1914, with the policy of four shows a day. The pictures displayed were "A Million Bids," a five-reel drama from the play "Agnes" by George Cameron (Mrs. Sidney Drew), and "Goodness Gracious," a three-reel comedy involving principally J. Stuart Blackburn and staged and elaborated by James Young.

These two feature pictures which have continued to pack the Vitagraph Theatre regularly every day, including Sunday, will be taken out of the Vitagraph Theatre Easter Sunday, April 12. The only reason of their being removed is to make room for others.

New company formed with Joseph L. Rhinock as president will control long list of dramatic and musical plays.

Announcement is made by the Shubert theatrical interests that a new company has been formed to be known as the Shubert Film Booking company for the purpose of booking motion pictures to be made from a long list of dramatic and musical comedy productions controlled by the Shuberts, W. A. Brady and other dramatic managers. The total number of plays thus made available for picture production approximately about two hundred, many of which are noted successes.

Joseph L. Rhinock is president of the new corporation, Jules Murray, manager and Lou Weed the booking agent. J. E. Brulature and Ch. Jourjon, of the Eclair company, are said to be interested in the enterprise.

Work on productions for the new booking agency is now under way at the Eclair studio at Fort Lee and, unfortunately, some of the negatives were destroyed in the fire that burned the Eclair factory two weeks ago. But the plans for the new Eclair factory and studio are designed to take care of the large enterprise contemplated by the organization of the Shubert Feature Film Booking Company.

How to Write a Moving Picture Play.

One of the most absorbing topics of the day is the Motion Picture play and how it is made. Beyond a doubt at least half of those who read this newspaper are ambitious to write moving picture plays, or scenarios, as they are commonly called. Most, if not all, of those who would succeed in this fascinating vocation are unfamiliar with the methods employed by the professional motion picture play writers.

Following is what can best be described as a "Movie" dictionary, giving a few of the most important technical terms used in the movies that should be known to writers of plays.

Business—The detailed action of the actors in the scenes.

Close Up—Action taken with the performers about eight feet from the lens, that being the minimum distance for successful photography.

Commercial—An American photo play of the regular service more than thirty years old.

Cut—Ending a scene sharply by a change to a leader or to another scene.

Cut Back—The change from one

scene to another having to do with the same action, as from one end of a telephone line to another. Also the change to a past scene, such as a memory that comes to an actor's mental vision.

Director—The equivalent of a stage manager in a theatre.

Dissolve—The running of one scene into another by gradual cutting off of one and sharpening of the other. It is done by running the film twice through the camera; the first time gradually closing the shutter on the first scene, and the second time starting with a closed shutter and gradually opening it on the new scene. It is most often used to suggest memories of the past or visions seen by characters in the play. The scenes which appear to their mental vision are gradually brought on the scene and are gradually dissolved away as they end.

Double Exposure—Used where the visions are seen by characters in the play or for trick photography, as that in which one actor takes two parts in the same scene. In this case again the film is run twice through the camera. The first time the section of the picture which is to show a vision is cut out with a shade over that section of the lens, and the second time only the vision section is permitted to let light through. In cases where one actor is playing two part characters are kept in different part of the scene, one part being photographed on each run and other part shut off.

Exterior—A view apparently of outdoors, whether taken indoors or not.

Fade Out—Somewhat similar to dissolve, except that instead of having the entire picture fade away evening it is steadily reduced in size until it finishes in the centre.

Feature—A play of two or more reels.

First Run—A play shown by a theatre on the day of its release from the manufacturer. Second, third and fourth runs come consecutively after it.

Flash—A brief glimpse of a scene just enough to account for the presence of some character in a particular place.

Footage—The number of feet of film used.

Heavy—The villain's role.

Insert or Cut In—Similar to leader, except that it is usually a section of the dialogue of the play, and is most used in a scene and not between scenes.

Interior—A setting showing the inside of any structure.

Lead—An important character assigned to the players who usually play heroes or heroines.

Leader—A subtitle or chapter heading thrown on the screen in text, usually between two scenes, but sometimes in the middle of a scene.

One Reel—A thousand feet of film running from fifteen to twenty minutes, taking sixteen picture in a second and averaging about fifty feet of film to the minutes.

Pan or Panorama—To turn or swing the same in any direction so as to change its field. Much used in following a moving object.

Practicable—A piece of scenery, furniture or props that is real or sufficiently so to undergo the use that the real piece would have to stand.

Props—The articles used in the picture by the actors or set about the scene.

Register—A word used to indicate that an actor must show plainly by his action or facial expression that he is experiencing a certain emotion, seeing a certain thing or saying a specific thing.

Scene—That part of the action of a photoplay which takes place in one location without a break in the action.

Scenario—A description of the action in a photoplay, scene by scene, giving the entrance of each player and occasionally some of the more emphatic dialogue.

Set—A scene setting prepared for photographing.

young woman with a truly wonderful command of her instrument, considering her youthfulness. Her program was exacting and her work was remarkable for its clean cut technique, musical phrasing, depth of tone in broad passages and for the charming crispness of the staccato passages.

Miss Beebe had as her guest for the week end her brother, Mr. Chas. D. Beebe, purchasing agent for the Independent Harvester company.

Miss Ferne Hartsuck sang Faure's "Palmes" at the morning service at Grace church last Sunday.

Miss Deane Obermeyer, a talented pupil of Mr. Donald M. Swarthout, gave a very pleasing recital of piano music in Music Hall on Thursday afternoon. This was the second of the series of Senior programs. The next will be given next Thursday afternoon at 4:15, and will be a joint vocal recital by Misses Nina Slater and Helen Jones, both of whom are pupils of Mrs. Hartmann.

Mr. Jones, of the New York firm of Haensel and Jones, was here the latter part of the week to confer with Director Swarthout in reference to the musical attractions for next year's Artists' Course.

Mrs. Colean has as her guest Miss Brownlee. Miss Florence Nicholson, who has been visiting her sister will return to her school at Onarga on Monday next.

Miss Helen Harrison and Miss Ferne Hartsuck are to appear on the Easter program of the Knights Templar Sunday.

There will be a special meeting of the Illinois College chorus next Tuesday evening, April 14th in Recital Hall. The regular rehearsal will be postponed from Monday evening on

account of the Kellerman recital, which takes place that evening in State Street church.

The students' recital last Tuesday afternoon, April 7th, passed off with unusual smoothness. Students of all departments took part.

On the tour which the college glee club is now taking Dean Cochran will play violin solos, Virgo Jensen cello and Durrell Hatfield piano. They will also play trios for piano, violin and cello.

Miss Nathalia Jensen played with extraordinary success in Chicago last Sunday, April 5th, appearing twice on the program, and being obliged to give encores.

Mrs. Wilson will sing "I Know that my Redeemer Liveth" from the Messiah at the Congregational church Easter Sunday.

Members of the faculty have been engaged to give a concert in Jerseyville towards the end of the month.

Mr. Virgo Jensen plays a cello solo in the Congregational church on Sunday morning, April 12th.

ELECTRIC FLASHES

Lomax, Ill., announces that it will give free electric power to all new industries locating there on the basis of one horse power for each male employee.

Electricity is extensively used in the manufacture of shoes. Electric motors drive the machinery and electric heat is used in the ironing and stamping of leather.

The output of tungsten ore for this country during 1913 was 1525 tons, valued at \$640,500. A large portion of this new metal is used in making Mazda lamp filaments.

By a process called "fishing," old houses can be readily wired for electricity without disturbing the walls or plaster. The wires are "fished" up and down between the walls and floors.

Dr. W. D. Coolidge, of the experimental laboratories of the General Electric Company, Schenectady, N. Y., has recently made a wonderful improvement upon the X-ray tube whereby the rays can be controlled and directed at the will of the operator.

The oldest private electric plant in New York City has been in continuous service since 1883, only four years after the invention of the incandescent lamp. The three 25 kilowatt Edison generators have been in continuous service for thirty-one years.

The largest motor-driven irrigation pumping plant project is in Western Idaho. Here 30,000 acres in the valley of Snake River, 2300 feet above sea level, are irrigated with water pumped by electricity. Nine motor-driven pumps, arranged in four batteries, lift the water from the lower to the higher levels. The capacity of the plant is 200,000,000 gallons a day.

Miss Celia Oliverson is spending Sunday in Jerseyville with her sister, Sister Imelda, who is connected with a mission station there.

WHO IS YOUR TAILOR?

Every man in America has a tailor. The man who wears a \$10 suit, as well as the man who pays \$100. The important question is, "Does your tailor know you?" Is he capable of designing a suit for you individually? Can he put your own personality into your garments? Build it so it will express you; look like you; actually be you; or does he make the same suit for everybody?

Do you care how you appear to other people? Does it matter to you if your coat bunches on the shoulders, creeps up on your neck when you sit, wrinkles in the back or sets away from the collar? Do your trousers draw? Are they too wide or too narrow in the thighs and leg to suit your build? All these faults are not necessary, and are overcome when your garment is designed and tailored by one who knows you and studies your individual requirements. It costs no more to own a tailored-to-measure suit which will have none of these objectionable things. You can get harmony in color and fabric, style, snap, fashion and design, and comfort in the fit and wear of every suit we make for you.

You can't get a bad job from us. We won't let you have it.

WOMAN'S COLLEGE NOTES.

Miss Kate Moss, a returned missionary from Bulgaria, who has been visiting at the college for several days, has been having on exhibition a number of costumes of that country. This was most interesting and was examined by a great many of the students.

Tuesday morning at the regular chapel service occurred the unveiling of the new shield with the college motto on it. The shield was suspended on the east wall of the chapel, the unveiling being in charge of the Junior class. Appropriate speeches were made by several members of the class, after which the unveiling took place. The class colors with large letters 1915 on them were dropped from behind the proscenium arch and suspended, making a very pretty effect. The motto is the college seal worked out in Blue and Gold mounted on a background of Mahogany. The shield is thirty-six inches long and thirty inches wide.

Mrs. Lambert has given the library almost a complete set of the Methodist Disciples dating back to 1825. These will be of great interest to the students of Methodism.

Theatrical Attractions In New York City

(By Mark C. Fagan.)

Theatrical managers in this city recognized holy week and as a result the only new production was the revival of "Pinafore" at the Hippodrome.

But as the storm frequently follows a calm, so will Easter Monday usher in an avalanche of new productions. In fact, the theatrical map is soon to undergo almost a complete change.

Margaret Anglin in "Lady Windermere's Fan."

One of the best of all attractions on view in this city is Margaret Anglin's performance of Erynn in "Lady Windermere's Fan." Oscar Wilde's dramatic gem. As we all know, the role of Mrs. Erynn is one that might lead the average actress into an emotional display verging on the maudlin. A mother who has played the game of life so badly as to cheat herself out of a daughter is a character likely to fill the actress who plays it with self pity. But Miss Anglin knows her art too well. Never for a moment, not even when words are like so many daggers to wound her, does she play for sympathy.

This revival is in very good hands this year, Miss Anglin being well supported by Mrs. Le Moyne as the duchess, Miss Margery Maud in the title role and Pedro De Cordoba as the young husband.

Gaby Deslys in "The Belle of Bond Street."

Last week's activities ran exclusively to revivals, the Shubert theater being given over to Gaby Deslys and Sam Bernard, who appeared in a revised edition of "The Girl from Kays" now known as "The Belle of Bond Street."

First honors went to Bernard in his old role of Hoggendiner. He played the part with all the zest that he brought to it in the day when "sufficiency" was the by-word on Broadway.

Gaby makes a beautiful "Belle" and is proving possession of real histrionic powers. Others in this revival are Harry Pilcer, Lawrence D'Orsay and Lottie Collins. But it was sputtering Sam Bernard and disdaining Gaby Deslys who carried "The Belle of Bond Street" into the highway of success.

"The Truth."

The production of "The Truth," which Winthrop Ames will present to the New York public during Easter week, can scarcely be called a "revival," although the play is not a new one. As a matter of fact, "The Truth" has not been seen in New York. It was given for two weeks only, and at special matinees. The play was extremely popular throughout the country as well as in Europe, where it has been played more than any other American comedy.

Clyde Fitch's play which Mr. Ames will present at the Little theater, beginning Tuesday, April 14, has probably been translated into more languages than any other American play. It has been given in practically every country in Europe, and there are versions of it in German, French, Italian, Norwegian, Danish and Swedish. Mr. Fitch's first real London success was this play. It ran for a year in London where Marie Tempest played the role allotted to Grace George in the present production.

and to make their offerings in the Temple.

During the first two days and the last two days of the festival period the orthodox Jews transact no business and enter upon no servile work, except such as may be considered works of necessity or of charity. During the whole period of the festival they are forbidden to eat anything leavened or even to have anything that describes in their homes. The place of bread as food is taken by the "matzoth," a species of cake composed of flour and water, without any yeast or other leavening substance.

GIVE EASTER SOCIAL.

An Easter social and bazaar was given at Mt. Zion church Friday evening by the ladies aid society of the church and although the inclement weather kept a number away, there was a good attendance. Lunch was served during the evening and the ladies realized a neat sum.

OAK LAWN SANITORIUM NOW WORKING ALONG NEW LINES

Mr. Sharpe Has Completed Extensive Improvements—Institution Will Attract Many People to Jacksonville.

The extensive improvements which have been in progress at Oak Lawn Sanatorium for months past are now completed. J. Thompson Sharpe, proprietor of the Sanatorium, said Saturday that the institution is now open and ready for business and in fact a number of patients are already receiving treatment there. As announced some time ago, the Sanatorium is now devoted solely to the treatment and cure of Bright's disease, diabetes, rheumatism, and kindred diseases of the stomach and digestive organs. However, persons whose physical needs simply require rest or change will be taken.

Under the personal direction of Mr. Sharpe the whole institution building has been redecorated and refurnished and presents an entirely different appearance from the days when it was devoted to the treatment of the insane. No mental or contagious cases will be taken. Mr. Sharpe's idea has been to give as much of a home atmosphere to the sanatorium as possible and he has succeeded in a remarkable degree. The walls of the corridors, of sleeping, bath and lounging rooms as well as the living rooms are painted in colors which are both attractive and soothing to the eye. The furnishings are all new and of the very best quality. In the sleeping rooms the furniture is all of handsome Circassian walnut, mahogany or solid brass. In the other rooms the furniture is of equally handsome design and patients during their stay there will certainly find themselves in luxurious surroundings.

While the institution will be under the direction of a competent physician the purpose of Mr. Sharpe is to provide treatment for patients in connection with their own physicians. The treatment for the diseases will consist mainly in the courses of baths which may be prescribed, the use of Robinson Springs water, the value of which as a curative in diabetes and cases of that kind has been firmly established, and in special attention to dietetics.

The institution can comfortably take care of forty patients, although it would be possible to receive a still larger number. Both men and women will be received and patients may go to the institution for extended treatment or they may simply go by appointment to receive the benefit which comes from a Turkish bath or from a scientific hot air bath. The hot air bath has not been used before in this vicinity, although its merits have been for years recognized by leading physicians in this and foreign countries. The cabinet bath which was built for Oak Lawn is especially constructed and is so arranged that the cabinet is closed about the patient's neck after he has been seated in a comfortable chair. The heat is supplied from a series of electric bulbs of varying colors and the amount of heat is determined according to the need and condition of the patient. The benefits from the scientific hot bath are many and it can be taken without the discomfort attending a Turkish bath for the head is entirely above the cabinet. Only in cases where the patient is unable to sit in a chair for the hot bath will be the Turkish bath equipment be used. The dressing rooms, which are located near the cabinet bath and all the other appointments of this department of the sanatorium are of the most modern type and the best quality.

While the interior of the sanatorium has been made so attractive patients will find the outlying grounds equally so and it will certainly follow that the treatment within the institution will be strongly aided by the attractiveness of the surrounding grounds which will be at the disposal of guests and patients.

Mr. Sharpe is certainly opening an institution which will be a benefit to Jacksonville and will bring patrons from many distant points as the curative qualities of Robinson Springs water and of the bath treatment at the institution become more widely known. As mentioned before, several patients are already at the sanatorium and applications have been received from five who will be here early this week.

State of Illinois,

County of Morgan,

In the Circuit Court thereof, to the May term, A. D., 1914. Clara B. Wilday, Benjamin R. Wilday, V. C. Christ—In Chancery.

Sitting: Affidavit that the said defendants Clara B. Wilday, Benjamin R. Wilday and V. C. Christ cannot be found nor their place of residence cannot be ascertained, having been filed in the office of the clerk of said circuit court of Morgan County, notice is hereby given to the said Benjamin R. Wilday, Clara B. Wilday and V. C. Christ that the complainant filed its bill of complaint in said court on chancery side thereof on 11th day of April, 1914, and that summons thereupon issued out of said court against said defendants returnable on the 11th day of May next, 1914, being the first day of the May term, 1914, of said court, as required by law, and that such suit is now pending.

Now unless you, the said Benjamin R. Wilday, Clara B. Wilday and V. C. Christ, shall personally be and appear before said circuit court of Morgan County on the first day of the next term thereof to be holden at the City of Jacksonville in said county on the second Monday of May, 1914, and plead, answer or demur to the said complainant's bill of complaint, the same and the matters and things therein charged and stated will be taken as confessed and a decree entered against you accordingly to the prayer of said bill.

"PITTSBURGH PERFECT" CHICKEN AND RABBIT FENCE

The Closest-Meshed Fence of its kind in the World

STOP THE LOSSES

in the poultry and rabbit end of your business, by erecting the new "Pittsburgh Perfect" Chicken and Rabbit Fence. See how impossible it is for the littlest chicks to get through. They are always where you want them—and safe. For the rigid fence fabric is so stiff and strong that no animals can break through, not even large stock.

And rabbits! This is the only sensible and effective fence ever produced for keeping rabbits in, or out. Stretch it well, close to the ground—and there you have them! Put up this fence, and you'll stop that big, destructive loss in your orchard, garden, etc.

"Pittsburgh Perfect" Chicken and Rabbit Fence costs you less per unit of satisfaction afforded than any other fence made for similar purposes. Special—rust resisting Open Hearth wire is used—No. 13 for top and bottom wires, No. 14 for stays and strands—further rust-proofed with a heavy outer coating of pure zinc galvanizing. The wires at every contact point are

ELECTRICALLY WELDED

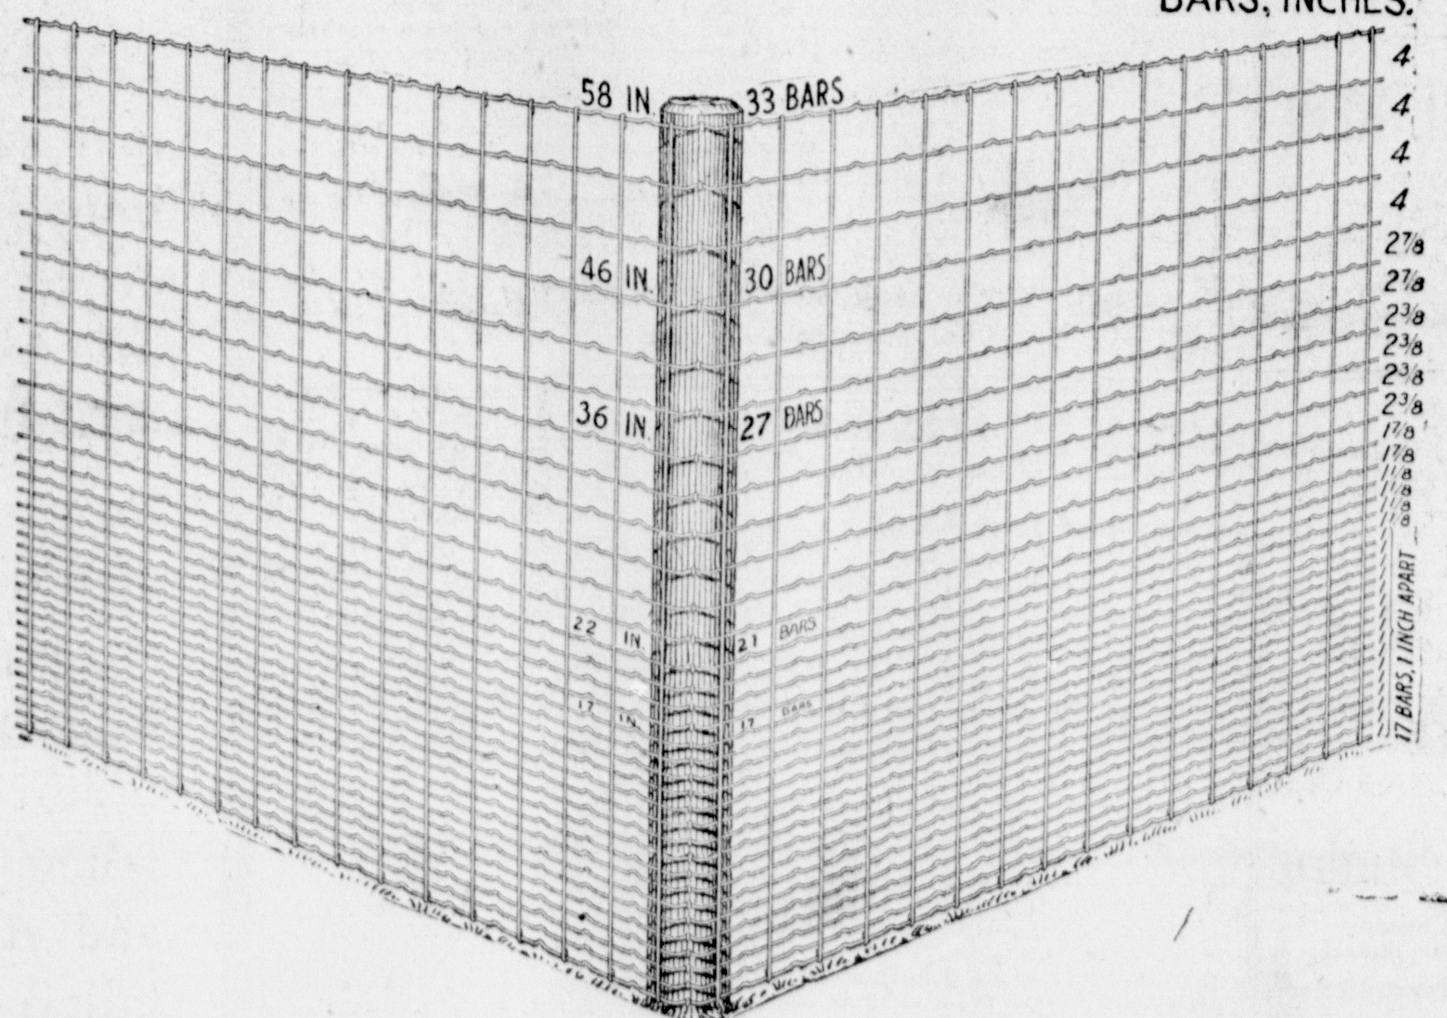

making a one-piece fabric that goes up easier, stands up better, is stronger and many times more durable than any other. For real value, genuine results, and true economy, "Pittsburgh Perfect" Chicken and Rabbit Fence is the only fence worth your money to buy.

Sold in rolls containing 150 or 300 lineal or running feet, in 5 heights, with stay wires 6 or 4 inches apart.

Ford Factory Facts

On February 27th the factory at Detroit made and shipped sixteen hundred and thirty-six complete cars, and for the month of March they made and shipped twenty-eight thousand, seven hundred and twelve Ford cars in the 26 working days.

The Ford factory, big as it is, and with its enormous production, on April 1st found itself many thousand behind the sales department. Think of it!

On April, the 8th, the factory received orders for twelve thousand cars. There is a good reason.

Weary Old Father

By WALT MASON.

When father eats his supper, and sits him down to read a book by Edith Tupper, or, "Queed," oh, let him sit in quiet until the evenings through and do not raise a riot over things he ought to do. Too often Weary Father can find at home no peace, his folks raise such a potter, their clamors never cease. It's "Dad," so split some kindness before you have your fun; the little pile is dwindling, and soon there will be none. "Oh, Daddy," says the daughter, "I wish yourself you'd hump and bring eight tubs of water, and then some, from the pump." "Our Noth's ark is busted," complain the little boys, and Father, sad, disgusted, begins to glue the toys. "The cow is in the garden," shrieks Ma, "and you sit there, so help me Dolly Varden, and do not seem to care!" From supper time to bedtime the old man's on the go, until his seeing red time will cause some blood to flow. Some day, beneath the pressure, his brain will seem a blur, and then, from here to Cheshire, he'll strew the earth with fur. His endless worries rend him, they come in such a batch, and soon we'll have to send him to some one's booby hatch.

KING GEORGE SETS PRECEDENT FOR ROYALTY

Said To Be the First English King to Attend a Boxing Match.

London, April 11.—When King George decided recently to attend a boxing match he probably was not aware that he was establishing a precedent for British royalty. Such appears to be the case, however, for there certainly is no record of the presence of any king of England at the ringside on a previous occasion. That King George, who is notoriously indifferent to almost every form of sport except shooting, should be the first sovereign to attend a pugilistic contest has naturally set the tongues of his subjects wagging at a furious rate.

As is well known the late King Edward was a lover of sport in almost every form. He liked yachting, golfing and shooting, and a more ardent devotee of horse racing—the sport of kings—was not to be found in the whole United Kingdom. In his youth he attended many of the fights at the National Sporting Club in London, but he never could be classed as a fight fan and never manifested any particular interest in pugilism after he ascended the throne. George IV. was the only real lover

Blood Trouble Often A Puzzling Question

The Searching Power of a Great Remedy Answers
the Worst Riddle.

Thousands Have Solved It With S. S. S.

It is now known that the germs of blood disorders are found in the minute spaces of the tissue fibres. They can be seen only through a powerful microscope. And it is in these spaces that S. S. S. goes to work rapidly, effectively and with wonderfully noticeable results.

This famous blood purifier contains medicinal components vital and essential to healthy blood. There is one ingredient in S. S. S. which serves the active purpose of stimulating each cellular part of the body to the healthy and judicious selection of its own essential nutrient. That is why it regenerates the blood supply; why it has such a tremendous influence in overcoming eczema, rash, pimples, all skin affections, rheumatism, sore throat, weak eyes, loss of

weight, thin pale cheeks, and that weariness of muscle and nerve that is generally experienced by all sufferers with poisoned blood.

Get a bottle of S. S. S. at any drug store, and in a few days you will feel only feel bright and energetic, but you will be the picture of new life.

S. S. S. is prepared only in the laboratory of the Swift Specific Co., 221 Swift Bldg., Atlanta, Ga., who maintain a very efficient Medical Department, where all who have any blood disorder of a stubborn nature may write freely for advice.

S. S. S. is sold everywhere by all drug stores.

PEORIA WOMAN GETS QUICK RELIEF FROM HER STOMACH DISORDERS

Mrs. Frances Turner's Pains Ended
By Using Mayr's Wonderful
Remedy.

Mrs. Frances Turner, of 125 McKinley avenue, E. Peoria, was suffering from stomach disorders for a long time. She was attacked by severe pains and food disagreed with her.

She took Mayr's Wonderful Stomach Remedy. Relief came quickly. This is what she said in a letter about her experience:

"Since I have taken your medicine I have no more pains and can eat anything I wish now. My ailment was gas on the stomach. I had pains over my shoulder to the pit of my stomach."

Mayr's Wonderful Stomach Remedy has been taken by thousands of people with just such quick results.

The first dose convinces—no long treatment.

Mayr's Wonderful Stomach Remedy clears the digestive tract of mucoid accretions and poisonous matter. It brings quick relief to sufferers from ailments of the stomach, liver and bowels. Many declare it has saved them from dangerous operations; many are sure it has saved their lives.

Because of the remarkable success of this remedy there are many imitations, so be cautious. Be sure it's MAYR'S. Go to Armstrong's drug store and ask about the wonderful results it has been accomplishing—or send to Geo. H. Mayr, Mfg., Chemist, 154-156 Whiting St., Chicago, Ill., for free book on stomach ailments and many grateful letters from people who have been restored.

Any druggist can tell you its wonderful effects.—Adv.

The Spring Season Is Here

We used great discretion in choosing the line of "Campus Togs" for we found it the best after considering others which might be specially suited to the young men of Jacksonville. "Campus Togs" give the wearer individuality of dress, are correct in fabric and in style. The prices are less than for some lines not their equal.

COMMISSION CANNOT ACT WITHOUT FRANCHISES

Will Be Ready Then to Review Rates in Jacksonville and to Grant Increases or Reductions as the Cases May Warrant.

William N. Hairgrove who recently returned from a business trip to Springfield said yesterday that while there he had occasion to talk to several members of the state utility commission. In the course of conversation Mr. Hairgrove mentioned to each of these men the condition existing here in Jacksonville relative to the utility franchises and each one of them said that the commission could take no action relative to affairs here until the company secures franchises.

The members of the commission said that after the franchise matters had been settled that the commission could then review the matter of rates and if the rates were too high they would be lowered, and if too low for the plant to be operated upon a business basis the rates would be increased in a fair manner. The board has full authority to make such changes no matter what may be the provisions of the franchises.

The action of the people of Chicago in favoring a settlement of their franchise troubles by the utility board rather than by a home rule board is considered a compliment for the Illinois commission. The people in Chicago evidently believe that the important utility matters can be handled by the Illinois commission with less chance for bias than might be true of a home rule board.

AFTER GRIPPE

Made Strong By Vinol.

John C. Furman, of Clarion, Pa., says: "After a very severe attack of the gripe my system was in a weakened, nervous and run-down condition. I had no appetite at all. I was obliged to continue with my work, and nothing seemed to help me until a friend induced me to take Vinol. I began to note good results from the first bottle. I continued its use and am now sound and well as ever."

In health one cannot realize how depressed a person may become after trying one remedy after another without benefit for such a condition as Mr. Furman was in, or what a relief it is to find help and be restored to health and strength. It is the combined action of the medicinal curative element of cods' livers without the greasy oil, aided by the blood-making and strength-giving properties of tonic iron, that makes Vinol so efficient in building up the weakened run-down system.

We guarantee Vinol to give you perfect satisfaction. Lee P. Allcott, Druggist, Jacksonville, Illinois.

P. S.—For rough, scaly skin, try our Saxo Salve. We guarantee it.

Prizes for a Beautiful Jacksonville To Be Awarded After Clean-Up Week, April 20-26.

The following prizes will be possible by the Finance Committee for Jacksonville's Clean-Up Week. The committee consists of Mr. Roy Potter, chairman, Mr. Charles Knollenberg and Mr. Clarence Lukeman.

\$10.00 worth of flowers for planting in the ward showing greatest improvement made during the Clean-Up week, April 20th to 26th.

\$5,000 for the best camera pictures showing the greatest improvement before and after Clean-Up week.

\$2.00 to the school child making the greatest improvement in a vacant lot.

\$2.00 to the school room with the most children making the greatest improvement in the largest number of vacant premises.

\$1.00 for the person bringing the best collection of old clothes to the Associated Charities.

Entry blanks for the above contest will be in the hands of the chairman of the committee in the four wards. They are as follows:

First Ward—Mrs. Louis Engel, 420 East State street.

Second Ward—Miss S. M. Fairbank, 216 Caldwell street.

Third Ward—Mrs. T. H. Buckthorpe, 814 South Main street.

Fourth Ward—Mrs. John Cherry, Jr., 202 South Church street.

Blankets for the school children will be in the hands of the principals of each of the four ward schools.

Street and Park Committee are Busy With Clean-Up.

At a recent meeting of this committee which consists of representatives of the park board, street department of the city, and the Woman's Club, it was decided to begin actively pursuing definite plans for beautifying the thoroughfares and parks of the city. The park board seems to be desirous of having suggestions from the women and great good should be the result. There are many ways in which Central Park could be permanently made beautiful and attractive and this can best be done by all citizens doing their share in maintaining an interest in it.

Enthusiasm continues to grow for the work, which the Clean-Up committee representing the many organizations in Jacksonville, are planning to do to make Jacksonville a cleaner and healthier city.

The mayors' and citizens' proclamations have both been printed and will be distributed as posters and

hand bills. In addition to organizing in the various wards the committee in charge is endeavoring to perfect organizations in every block of the city. The idea is to have some person responsible by seeing that his own and his neighbors' yards are being cleaned up. There is a great deal of work that needs to be done in the alleys and vacant lots within a stone's throw of the public square, which are at this time in an unhealthy and unsightly condition.

The following are among the first rules of instruction which have been issued by the committee. During next week every citizen will be urged to make preparations for Clean-Up week, which begins April 20th and ends Saturday, April 26th.

Open Lots.

1. Love your neighbor's lot as you do your own, but be sure to love your own.

2. Don't plant tomato cans and rubbish on unused land, their fruits are withered civic pride.

3. Don't allow yourself or your city to create dumps for waste. It can be made to pay for its own destruction at a profit.

4. Don't allow tumbled down buildings to stand on valuable land, they are financially wasteful; they create filth, invite vice, and are a menace to life.

5. A fence that has ceased to be a fence and has become an offense should be repaired or destroyed.

6. Unregulated advertising on unused land pays for the maintenance of a public nuisance.

7. Two gardens may grow where one dump has bloomed before.

8. School gardens are valuable adjuncts to education and recreation. They can be cultivated on an open lot.

9. Let the children play on the unused land so that they may become strong and keep out of the hands of the law.

10. Let not an inch of land be kept in idleness. It has a divine right to bear fruits and flowers and ever serve the highest interest of man.

Meeting of Committees.

An important meeting of all the representatives and members on the various Clean-Up committees has been called by Mrs. David Reid, the chairman, to meet at the City Hall, Tuesday afternoon at 4 p. m., sharp.

Meeting of the Directors.

The regular monthly meeting of the Board of Directors of the Chamber of Commerce will be held in their offices on East State street Tuesday evening, April 14th, at 7:30 p. m.

Important business will be transacted.

OFFICERS ENTHUSIASTIC IN WORKING FOR ROAD DAY

Indications Are That Hundreds of Miles Will Be Dragged in Morgan County Next Wednesday—Letter Sent to Commissioners.

Practically all officers of villages in Morgan county and the commissioners of the various districts have signified their intention to co-operate in the observance of good roads day next Wednesday. Officers of the road commissioners and clerks as well as F. J. Heisl, chairman of the Department of Rural Affairs of the Chamber of Commerce have been active the past week in the work of organizing for that day and there is every indication that Morgan county will make a favorable showing on the important day that Governor Dunne has just designated.

The hope is that not only the 180 miles of state aid roads in the county may be dragged, but that other highways as well will show the effect of road day work. It is true that more dragging has already been done in Morgan county this season than ever before and this fact accounts for the present good condition of the roads as compared with the same time during some previous years. It is believed, however, that the united effort to drag the roads April 15th will emphasize even more than the work of the past how much good dragging really accomplishes.

A great deal of dragging has been done the past week and the workers on the roads Friday and Saturday were numerous. Commissioner William Newman has the work started inside the city limits and drags were being used Saturday with good effect. The following letter which was mailed yesterday to road commissioners all over the county by C. M. Strawn, secretary of the Association of Commissioners and Clerks, will bring the matter to the commissioners in a final sort of way reminding them that the 15th is very near at hand:

Letter to Road Officers.

Alexander, Ill., April 11, 1914.

Dear Sir:

The governor of Illinois has designated Wednesday, April 15th as Good Roads day.

At the last meeting of the Morgan County Association of Road Commissioners and Clerks a motion was adopted to observe Good Roads day by dragging all the roads in the county, especially the state aid roads.

Many of the road commissioners and most of the city and village officials have already agreed to drag the roads under their control on that day.

This is a splendid opportunity to demonstrate what the united efforts of the road officers in the county can do toward bettering road conditions. It is also an opportunity to show the people the value of our association.

The association appeals to each

road officer in the county to make every effort to drag the roads under his control especially the state aid roads on Good Roads day or, if conditions are unfavorable, as soon thereafter as possible.

Yours very truly,
Charles M. Strawn,
Secretary.

DOWN TO BRASS TACKS—COST

Cost is the final factor in most plumbing installations. Beauty of design, serviceability, sanitary security, all have potent influence in the purchasing of modern plumbing, but, after all "Can we afford it?" is the main question.

YOU CAN AFFORD MODERN PLUMBING as you will admit upon due consideration of our estimate on installing the fixtures you select after seeing the "Standard" catalogue of 1600 illustrations of plumbing fixtures. Suitable fixtures for the most modest as well as the most pretentious of homes.

FARMERS NOTICE

We Are Now Manufacturing Fertilizers For Soil

We have made a careful study of soil conditions and are now putting up an article which is considered the best on the market for INCREASED YIELD OF Corn or Oats. The same has the following analysis:

Bone phosphate	63.09 per cent.
Phosphoric acid	28.90 per cent.
Nitrogen	2.53 per cent.
Ammonia	3.07 per cent.

If you will carefully compare the analysis of our ROYAL BRAND BONE MEAL, you will find that the same is cheaper than the use of Rock Phosphate or any other fertilizers which are now on the market.

It only requires from 100 to 150 pounds of our BONE MEAL to an acre of soil, depending upon the condition of the soil. This will increase your yield of corn or oats from 10 to 20 bushels to the acre for the first year.

MONEY

It's MONEY that does the business

Get this one truth firmly fixed in your mind to start with:

The man who pays cash saves more than 20 per cent. and gets better goods and service than the man who runs a book.

Prove this for yourself by getting prices from the advertised bargains at the cash store and comparing them with what you have been paying on charged accounts.

Come and start a credit with us and we will loan you the MONEY to pay cash for everything and after you have once established a credit with us you can get MONEY on a moment's notice.

EVERYTHING STRICTLY CONFIDENTIAL

Call, Write or Phone Ill. or Bell 449 and our agent will be pleased to call at your residence and explain our liberal plan.

The Four Best Offerings in the Auto World

One of These Will Surely Meet Your Car Ideals

36 — PAIGE — 36

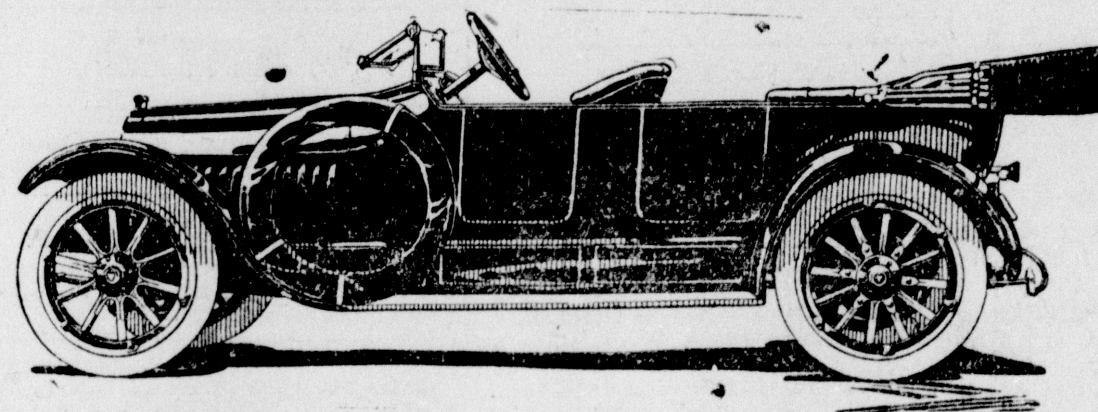

\$1275

The Paige 36 is a car unexcelled for general city and country use. It has a 116 in. wheel base and 4x34 tires. The equipment, which is in every way modern, includes the famous and reliable Gray and Davis starting and lighting system. The Gray and Davis system is designed with the experience gained during 23 years of dynamo and motor construction.

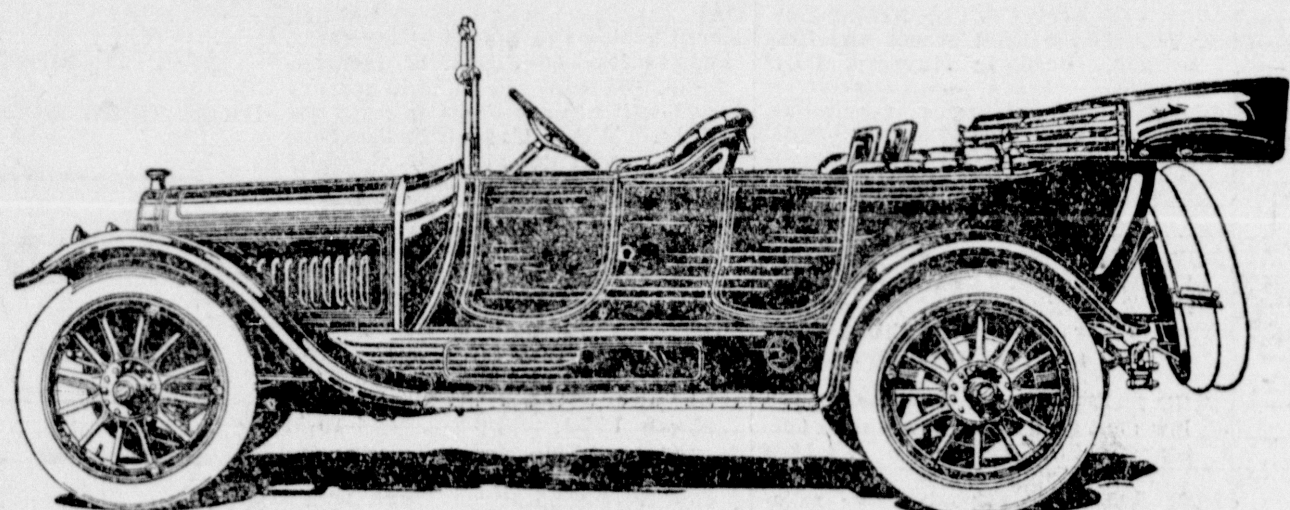

HUDSON Sixes

Six-40 \$1750 F.O.B. Detroit Six-54 \$2250

The Hudson Six-40 has 123 in. wheel base, weighs 2940 lbs. and you can choose a 5 or 6 passenger size. The splendid Delco starting and lighting system is used. The Hudson engineers are headed by Howard E. Coffin and there are 48 in this unsurpassed corps. The Hudson Six combines lightness and strength. The construction insures economy of operation.

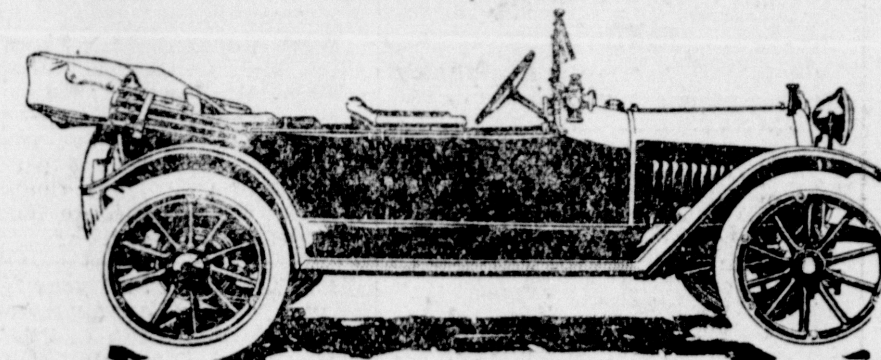

The LOZIER

The Lozier is a four cylinder, 50-horse power machine. It is made with 125 in. wheel base and in 5 and 7 passenger sizes. The Gray and Davis starter is used and the entire equipment and furnishings of the Lozier will meet the most exacting requirement of taste and standard. A powerful, magnificent car is the Lozier.

Hupmobile

\$1200

The "Hup" is indeed a great moderate priced family car. It has a 110 in. wheel base and is built in the 4 passenger size. The "streamline" body is of the type used in the higher priced cars. Westinghouse lighting and starting system is part of the equipment. Any "Hup" owner will tell you his car is always in commission.

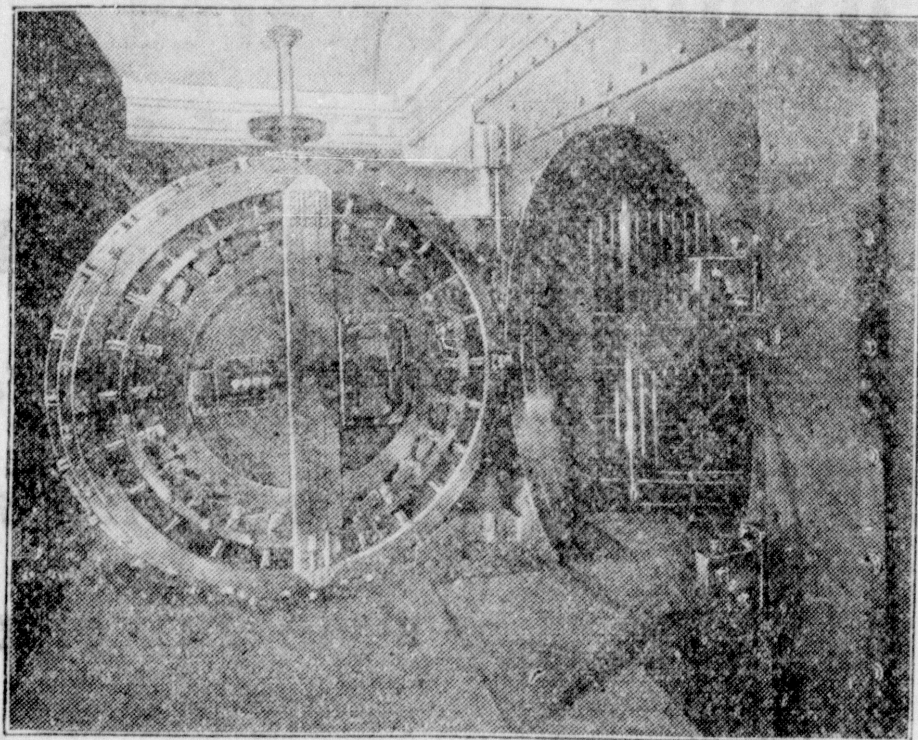

We will be glad to show you any one of these cars and demonstrate the individual merits.

Our modernly equipped garage and skilled mechanics are at your service for day or night work. We carry a complete line of tires, tubes and accessories and give special attention to vulcanizing.

The Ayers Safe Deposit Vault

A Safe Deposit Box is not a luxury, but a necessity to the owner of stocks, bonds, deeds, mortgages, insurance policies and other valuable papers.

Anxiety about jewelry and silveware not in use is dispelled when they are in a Safe Deposit Vault.

It may be of interest to know that in the construction of the vault there are more than 380,000 pounds of steel and the door itself weighs 14 tons.

To rent a Safe Deposit Box in this vault costs less than one cent a day.

Private rooms for the examination of papers are provided for the convenience of patrons.

PREPARATIONS WELL UNDER WAY FOR THE T.P.A. CONVENTION

Preparations for Large Delegations of Business Men From All Parts of State—Will Advertise Jacksonville.

Reports from the several T. P. A. Posts of the Illinois division, indicate that there will be full delegations in attendance at the annual state convention to be held in Jacksonville Friday and Saturday May 1-2. This means a body of representative and actual business men from the principal cities of the state will be here. These men go out into the highways and byways and are the best lot of boosters that could possibly advertise the advantages and beauty of any city.

Jacksonville is going to be dressed in its best to receive the visitors and the local members of Post O., are confident it will do this city more good than any other convention of men which could be brought here. The local T. P. A. men are feeling especially pleased over the idea of having a special "clean up" week just prior to their convention. With the city "slicked up" and the beautiful decorations, not only in the business section but also in residence district, they believe Jacksonville will get a good name over the state as it has not had in the past.

All these state officers including the president F. W. Dudley of Decatur and Secretary Mickey Welch of Peoria and the entire state board will be here. The splendid program prepared by the local post insures a continued round of pleasure for not only the visitors but the home folks as well. It is the wish of the local committee that every one put a shoulder to the wheel and help make May 1-2, about the most gala days in Jacksonville's history.

FUNERALS

Horton.

The funeral of Frank Horton, who died in Quincy, was conducted at the Bethel cemetery at Murrayville Saturday morning at 11 o'clock, in charge of Rev. C. S. McCullom.

Lumpkin.

The funeral of the infant son of Mr. and Mrs. Marshall Lumpkin of Pisgah was held Saturday at 11 o'clock from the Baptist church in Franklin, in charge of Rev. J. E. Curry. Music was given by the choir and the flowers were cared for by friends. The remains were laid to rest in Franklin cemetery and the bearers were Misses Ruth and Emma Sullivan, Miss Jones and Miss Stillwell.

C. E. Delaplaine was looking after a real estate deal in Pike county yesterday.

GEM THEATRE

MORTUARY

Casterline.

George Casterline expects to go to Hannibal, Mo., this morning to attend the funeral of his brother, John F. Casterline, which will be held there this afternoon at 1 o'clock. The remains will be brought to Barry, Ill., this afternoon for burial.

Mr. Casterline passed away at his home in Hannibal Thursday morning at 9:10 o'clock. He was born in Barry, Ill., 51 years ago and was a son of John F. Casterline Sr., who passed away at his home in this city January 15, this year. Mr. Casterline was a barber by occupation. Aside from his brother in this city he is survived by his widow and one son, Bruce W. Casterline.

Taylor.

William Taylor, a former resident of Jacksonville, died recently at his home in Tacoma, Wash. News of Mr. Taylor's death has just been received in the letter from Mrs. Taylor written to her brother, Joseph Stice. Mr. Taylor was 56 years of age and for a long period had been a sufferer from tuberculosis. He leaves his wife who before her marriage was Miss Flora Stice and two daughters, Maude and Mabel. Mr. Taylor lived in this locality for a great many years and was a man held in high regard by those who knew him. He was a brother of Alvin Taylor, formerly of this county.

Virgin.

Word has been received in Jacksonville of the death of Orland Virgin of Little Indian, who passed away Saturday afternoon in a Springfield hospital from the effects of an operation for appendicitis. Mr. Virgin was a member of Ridgely Encampment No. 9, and has in this city a number of acquaintances and friends. He was born and reared two miles east of Little Indian, living on the farm which formerly belonged to his father, George Virgin.

Besides his wife Mr. Virgin leaves four children, one sister and five brothers. His sister Ida, the wife of George Caldwell, lives in Virginia. Frank, Fred and John Virgin reside in Cass county and Eli and George Virgin, his other two brothers, are living on the Pacific coast. Mr. Virgin was about 45 years of age.

Mr. Virgin was well respected in his community and led a straightforward, consistent life. His reputation for honesty and integrity was above reproach. From early life he has been a member of the Christian church, at one time having his membership at Littleberry and of late years at Virginia. Mr. Virgin began his education in the schools of Cass county and later attended college at Eureka.

Funeral arrangements are as yet unannounced.

Osborne.

Mrs. Elizabeth Osborne, who passed away at her home, 1228 West College avenue, Saturday morning at 12:20 o'clock, was born Jan. 26, 1839, the daughter of Nimrod and Elizabeth Murphy Deweese. Her birthplace was a few miles west of Jacksonville and Morgan county has been her home during the length of her useful life. She was married to Robert Tilton Osborne Oct. 14, 1847, and moved with her husband to the neighborhood of Antioch church. She was the mother of nine children, of which number five remain. Mrs. Osborne was a member of the Christian church since her girlhood. She was a charter member of the Antioch church and became a member of the Christian church of this city on coming to Jacksonville in 1859. Mrs. Osborne received her education in the Morgan county schools and the Jacksonville Female academy.

Mrs. Osborne has one surviving brother, James Deweese of Prentice, and one sister, Mrs. Mary Alexander of Chicago. Her five living children are Almira C., wife of Charles C. Phelps; Miss Georgia L. Osborne of this city; Jessie O., wife of Jesse M. Metcalf of Girard; William C. Osborne of Chicago; and Elizabeth, wife of Frank L. Best of Bloomington. Samuel Deweese, Robert Nimrod, Edward Austin and Mary Eliza preceded their mother in death. The surviving grand children are Howard C. and Helen Rebecca Phelps, Mary Woods Osborne, Mrs. Georgia Metcalf Bristow, wife of James Bristow; Elizabeth Metcalf, Van Worden Osborne, Dorothy May and Virginia Osborne, children of Robert T. Osborne, Jr., and Marjorie O. Best.

Mrs. Osborne was a woman whose kindness of spirit and cheerful disposition made her friends wherever she went. She was strong in faith and treasured highly the priceless treasures of the scriptures during the long years she was permitted to serve her Master upon earth. Her love of God was unwavering and devout and she was ever ready to aid and comfort her neighbor or friend. In Mrs. Osborne Jacksonville and Morgan county have lost a valued citizen and a brave pioneer of the early days when the community was young.

The funeral will be held Monday afternoon at 2:30 and will be in charge of Rev. Clyde Darsie.

Huston.

Mrs. Lee Huston who underwent an operation here two weeks ago last Thursday, died at her home in Beardsburg Thursday afternoon at 1:30 o'clock. The funeral was conducted Saturday afternoon at 2:30. She is survived by her husband and two children.

We still have some very choice blooming plants. We can deliver one for you this morning. Hents.

Mr. and Mrs. J. W. Underwood of Virden are guests today of Mr. and Mrs. Harry Purry, 509 Sandusky street. Mr. Underwood is editor of the Virden Reporter.

GIVE PARTY FOR CHILDREN.

Saturday afternoon at the First Baptist church the superintendent and teachers of the Beginners' Department gave an Easter party for the children. About thirty children between the ages of 3 and 6 were present and the hours from 2 to 5 were very delightfully spent in playing children's games. Small tables were arranged, at which refreshments were served and each child was presented with a small basket and a rabbit. An Easter egg hunt about the church was the cause of a great deal of merriment. The Beginner's Department was organized just two years ago this month with just 10 members and in that time has grown until now the membership totals 33. Mrs. Gertrude Richardson is the superintendent and the teachers are Misses Marie Mayer, Marian Williamson and Violetta White.

The gift with real Easter significance is a blooming plant. Telephone your order this morning. Heintz's.

LAST TRIBUTE OF RESPECT GIVEN MISS ADA SLAUGHTER

Funeral Services Conducted From
Late Residence—Rev. Clyde Dar-
sie Speaks Impressively of the Life
of the Deceased.

The funeral of Miss Ada Slaughter was held from the family residence, 221 East College street, Saturday afternoon at 2:30 o'clock, in charge of Rev. Clyde Darsie, pastor of the Central Christian church, in the presence of a large assemblage of neighbors and friends.

Music was given by a quartet composed of Mrs. A. M. Roberts, Mrs. Wallace Brockman, Marcus I. Robinson and T. H. Rapp. They sang "Lead Me Gently Home Father," "Sometime We'll Understand" and "Asleep in Jesus." There were many beautiful flowers, consisting of a broken wheel, wreaths, sprays and other designs. These were tenderly cared for by Miss Edna Ramsey of Murrayville, Misses Grace Wharton and Lucy Duncan.

Rev. Mr. Darsie read the twenty-third Psalm and passages from St. John and from Revelations. With thoughts couched in beautiful words the minister told of the life, influence and worth of the deceased. He said that it was his privilege to visit Miss Slaughter from time to time during her sickness and the wonderful courage she displayed and hope she expressed surpassed that of any person he had ever known. Although bowed down for years with ill health she met every obstacle with a firm and courageous heart, and when it came time for her to undergo an operation she smiled at the thought, as a person would who had an invitation to the beautiful country. She never gave up, her motto was to surmount every difficulty and who can ever forget her beaming face beneath which was hid a body racking with pain.

Most pathetic were the words of the minister in reference to Miss Slaughter's hope for immortal life and of her great desire to pray to her Father in a manner that would be most acceptable to Him. "No greater lesson," said Rev. Mr. Darsie, "could Miss Ada leave her loved ones and friends than that of an indomitable will to live down trouble and sickness with a sweet disposition; a lesson that ought to put to shame those who complain over their difficulties, which are mere pygmies in comparison to what she had to suffer and bear. Surely she will be missed in the home and community for her life was an inspiration."

The remains were laid to rest in Diamond Grove cemetery and the bearers were William Walker, John Hoecker, Bascom Lair, Michael Shanahan, Robert Mutch and Floyd Mutch.

Among those from out of town to attend the ceremony were Mrs. E. H. Bailey, Chicago; Mrs. Edward Beck, Springfield; Mr. and Mrs. Henry Wiley, Buffalo; Mr. and Mrs. Noel Wiley and son, Mr. and Mrs. George Black and son Roy, John Snyder of Alexander; Mrs. Margaret Sooy, Mr. and Mrs. Frank Sooy, Misses Anna and Grace Jennings, Mrs. Herbert Ricks, Mr. and Mrs. John Mutch and family, James Cunningham, Mrs. Ben Wright, Mrs. Charles Short of Murrayville; Mrs. Martha Masters, Waite Hall; Miss Maggie Reynolds, Mr. and Mrs. Louis Bauman, Richard Butler, Woodson; Mrs. William Crowe, Beardstown; George Brockhouse, Mr. and Mrs. Henry Brockhouse, A. Enzville.

We can make a satisfactory figure for your house painting work guaranteeing the quality of material and workmanship. Alden Brown, Scott Block, West State.

FAVOR ASPHALT FOR EAST STATE STREET PAVEMENT

Property Owners Hold Meeting When
Matter Is Discussed—Name Com-
mittee to Meet Board of Local Im-
provement.

Property owners along East State street held a meeting at the Ehnie Brothers Wholesale House for the purpose of discussing the proposed paving of the street. The meeting was attended by a large number of residents, and proved a most enthusiastic session. Dr. J. R. Harker was made chairman and W. S. Ehnie secretary.

After considerable discussion the men voted that a pavement should be laid this year, to be of more solid foundation than the present one and than that provided for in the specifications of the board of local improvement, that the top be of asphalt and not brick and that the space between the car track should be paved with creosote blocks. The plan also included a concrete gutter on each side of the street. It was the sense of the meeting that the laying inspector should be a resident of the street, one who owns property along the thoroughfare and who would be interested in having only first class work done.

Dr. Harker, the chairman, was instructed to appoint a committee to study the paving matter as to the necessary details, such as depth and strength of foundation, the composition of cement for curbing and gutter, and if the members of the committee deem it best they are to secure expert advice on the subject. The property owners present agreeing to pay for whatever expense is necessary. Dr. Harker and W. S. Ehnie were appointed a committee to meet the board of public improvements next Wednesday, to inform them as to what the property owners wish.

PAUL RAINEY

FAMOUS HUNTSMAN.

When Paul J. Rainey, big game hunter, millionaire, naturalist and sportsman extraordinary, went to Africa to hunt lions in the wild country near the Guisnero river, he took with him a pack of fifteen Southern bear-hounds, and by the aid of these dogs who helped him bag bear in Mississippi, bounded to death nine African lions in one day. Rainey's gun was .470 Express rifle and was sure and steady. The fifty black Masai men armed with goat and tom-tom beat out the lions from the jungle, and the dogs surrounded them. A black-maned lioness, larger than the rest, broke through the line and made for Rainey. The rifle did not stop her vicious charge and the hunter all but lost his life. One of the black Masai men was faithful to the death. Where the sportsman went, the camera men followed, and Rainey brought back to America the story of how he stalked the King of Beasts in the wilds of British East Africa. Paul Rainey's "African Hunt" will be the feature attraction at Scott's Monday.
